With space to stage, stow, and even work, this secretary desk is an essential addition to any den, this desk combines maximum storage space with exceptional craftsmanship. It features a mountable hutch with a fold down desktop, perfect for writing and drawing, then when the desk is not in use, simply fold the desktop surface upward to keep your tablet and other items hidden from sight. With two drawers, and three compartments, this secretary desk provides an abundance of space to organize and store all of your items. Try setting it in the center of your home study for the perfect place to get to work in style. Put heirloom antiques on display inside the glass-front cabinet, keep stationary and photos tucked away in drawers, and open the hutch when you need a spot to scrawl.
