1

Assemble the drawer with screws B

2

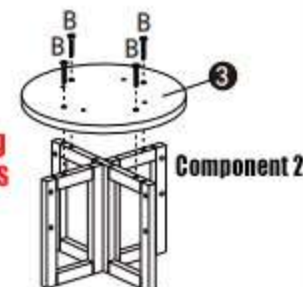

Screw A through frame 18 and frame 15 onto frame 16

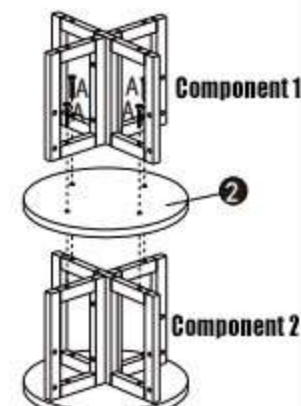

Screw A is threaded through frame 19 and frame 14 onto frame 17

3

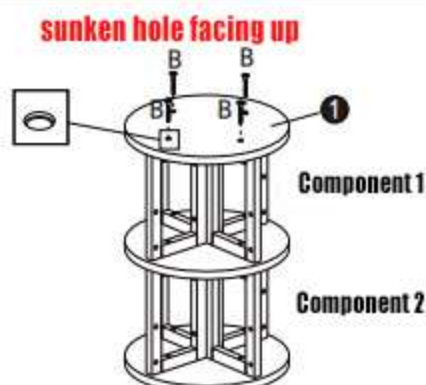

Fix disc 3 to component 2 with screw B

4

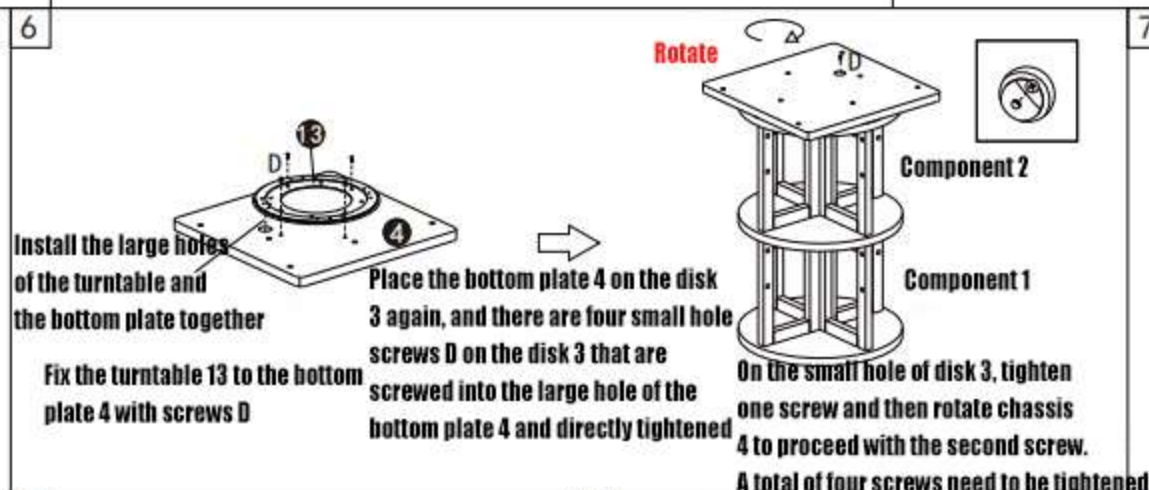

Screw A directly passes through component 1 and disc 2 and is screwed onto component 2

5

Fix disc 2 onto component 1 with screw B, and after installation, the entire direction can be changed

6

Install the large holes of the turntable and the bottom plate together

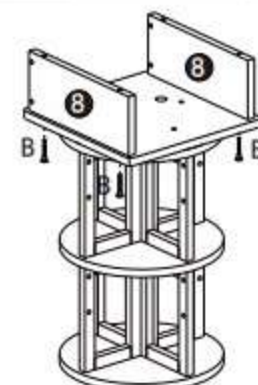

Fix the turntable 13 to the bottom plate 4 with screws D

Place the bottom plate 4 on the disk 3 again, and there are four small hole screws D on the disk 3 that are screwed into the large hole of the bottom plate 4 and directly tightened

On the small hole of disk 3, tighten one screw and then rotate chassis 4 to proceed with the second screw.

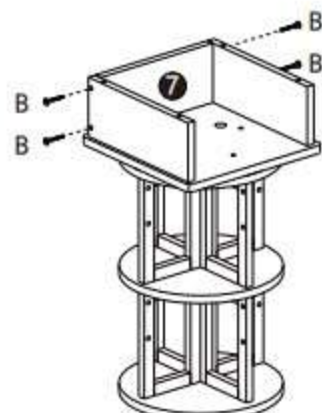

A total of four screws need to be tightened

7

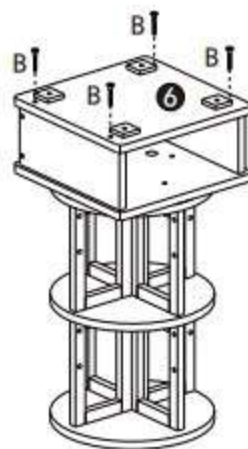

Fix the side panel 8 with screws B

8

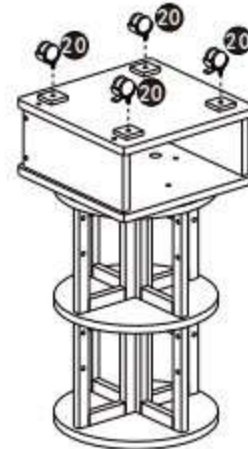

Secure the rear panel 7 with screws B

9
