

1. IMPORTANT SAFEGUARDS

Read these instructions carefully and retain them for future use. If this product is passed to a third party, the instructions must be included.

When using the product, basic safety precautions should always be followed to reduce the risk of injury including the following:

⚠ WARNING Risk of injury!

» Do not let children climb on or play on the chair.

NOTICE The gas lift must be replaced and repaired by a qualified professional only.

- » Handle with care.
- » Regularly check if all screws are tightly secured.
- » The use of accessories or attachments, can pose hazard to persons or objects and cause injuries.
- » This chair is intended for indoor use only.
- » Do not use the office chair if any components are damaged, worn, broken, or cracked. If required, return the complete product to the place of purchase for inspection, repair or adjustment.
- » Your office chair is equipped with casters for all types of flooring.
- » Do not exceed the maximum load weight of 300 lbs.

2. Before First Use

⚠ DANGER Risk of suffocation!

» Keep any packaging materials away from children – these materials are a potential source of danger, e.g. suffocation.

- » Check the product for transport damages.
- » Remove all the packing materials.
- » Assemble the chair on the carton or a carpet for prevention of floor scratch.
- » Be careful not to cross-thread screws and do not use power tools.
- » Before using the chair be sure that it is completely and properly assembled.

3. Cleaning and Maintenance

3.1 Cleaning

- » To clean the product, wipe with a soft, slightly moist cloth.
- » Never use corrosive detergents, wire brushes, abrasive scourers, metal or sharp utensils to clean the product.

3.2 Maintenance

- » Vacuum the product regularly. Small dust particles are very abrasive and can wear furniture prematurely.
- » Regularly check that all the components and fasteners are tightened.
- » Store the product in a cool and dry place away from children and pets, ideally in its original packaging.
