

Congratulations on your purchase of this labeled fixture. Fixtures that carry the label meet efficiency and quality criteria to assure that consumers will not sacrifice performance to save energy and reduce pollution generated by electricity.

This new generation of fixtures for the home is designed to emit the equivalent amount of light (lumens) as incandescent models, while matching the color rendering properties that consumers are accustomed to in their homes. The efficient light bulbs used in these fixtures also last as much as twelve times longer than typical incandescent bulbs. Convenience is also an important feature of labeled fixtures. The fixtures start immediately and operate at a minimal noise level compared to the older generation of fluorescent fixtures.

Reliability and safety performance criteria must also be met by any fixture carrying the label. The fixtures carry a three-year warranty (excluding lamp) and are tested to applicable National Electrical Code and ANSI/IEEE Standards. Please refer to warranty information below.

It is dedicated to the design and manufacturing of fixtures that meet the criteria specified by the Environmental Protection Agency (EPA) program. Dedication to design using these specifications will help save the Earth, while saving our customers money.
