XXX Corner Rack

Parts List

- 1 Top Shelf
- 1 Corner Rack with folding shelves and sides

No tools required

Step 1

Stand folded Corner Rack up and keep it tilted slightly backwards. Open the sides slowly keeping the Corner Rack tilted back.

Step 2

Lower the shelves into position one at a time. Move the side panels inward and align pins on shelf corners with the support rings on side panel.

Step 3 Attaching top shelf

Hold Top Shelf in a vertical position with attaching pins on the bottom.

Step 4

(See circled picture on left.)
Align the pins on the Top Shelf with the tubes on the side panel of rack. Slide the Top Shelf into place and lower it down onto the support ring on side panel.
