

CRYSTAL LED CEILING LIGHT

SAFETY & WARNINGS

- Suggest to ask professional electrician to install.
- Please tear the protective film before installing the lamp.
- After removing the mounting bracket of the luminaire, position the hole and tighten the nut on the bracket (this is very important).
- After turning on the light, do not touch the light source to avoid injury. Do not use this luminaire in the bathroom or in a humid environment.

INSTALLATION

Step 1

Mark with a pen.

Step 2

Drill.

Step 3

Blast Bolts (or expansion glue) into the ceiling.

Step 4

Mount bracket for fixing lamp.

Step 5

Wear gloves (to keep the lamps clean and prevent injuries).

Step 6

Connect the zero wire and the fire wire, test the electricity, make sure the lamp works normally (don't need to distinguish the zero wire, the fire wire and the middle ground wire).

Step 7

Fix the hole of the lamp and screw on the nut.

Step 8

Hang the crystal ball fitting.

CLEANING & CARE

- To clean the outside of the fixture, use a dry or slightly dampened clean cloth (use clean water, never a solvent) to wipe the surface of the fixture.
- To clean the inside of the fixture, first disconnect power to the fixture by turning off the circuit breaker or by removing the fuse at the fuse box.
- Use a dry or slightly dampened clean cloth (use clean water, never a solvent) to wipe the interior surface of the fixture.
- Do not use any cleaners with chemical, solvents or harsh abrasives. Use only a dry soft cloth to dust or wipe carefully.
