## Puppy Playpen

### Installation

①

Place two units next to each other's frames. Hold the drill holes of the hinge level. Insert one of the anchoring hooks through the holes.

②

Combine the other units in the same manner.

③

In the end, insert the door unit.

④

Lock the swing door by gripping the handle of the bar and pushing it into the latch.

### Security Instructions

#### Intended use

- This equipment is for guarding puppies. It is designed to be used this way and may only be used in this manner.
- Do not use this equipment as a playpen for children.
- Little children may not be requested to install the puppy kennel. They must not operate the bolt by themselves. There is a risk of entrapping fingers or the hand.
- The puppy kennel is not suitable as a kennel for big dogs.
