Application

This product can be placed on the table in the living room, bedroom, study, kitchen, entrance, office, or school, and can be used to organize books, documents, files, archives, CDs, stationery, small potted plants, cosmetics, alarm clocks, decorations, spice bottles, staplers or other office supplies.

Notes

1. Please tighten all the screws before using. The bookshelf will be very stable after all screws are tightened.
2. When placing your books and others, please keep the weight balanced to avoid any toppling over.
3. Please check the size of the desk bookshelf before buying, please make sure that the size is what you need.
4. Please allow the slight color difference caused by the shooting light and the 1-3 cm error due to manual measurement, and make sure you do not mind before ordering.
