#### **ASSEMBLY INSTRUCTIONS**

EEI-7168

V0.08.26.24

#### Let's get started!

Read through all of the instructions before starting

Approx. 90 minutes assembly time

2 people recommended for assembly

Care instructions are listed in the last step of this manual

Make sure you have all parts and components before discarding any packing materials Only use hand tools to assemble this item. Do not use power tools. Do not tighten bolts or screws completely until all hardware is lined up and inserted into the holes.

Do not over-tighten screws and bolts to avoid stripping the hardware or cracking the item.

Assemble your item on a flat, carpeted area, with plenty of space to work. This will prevent damage and scratches to your floors or the item while you're assembling the product.

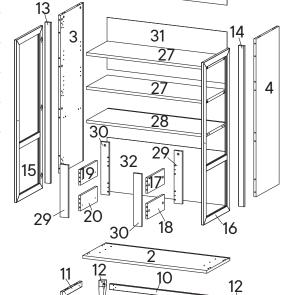

Keep all components and packaging out of reach of children or animals to avoid risk of choking or suffocation.

#### Great job!

Bookcase assembly is complete.

#### CARING FOR YOUR ITEM

Indoor use only.

Not contract grade.

Clean using a non-abrasive cloth and a mild cleaner.

Never use harsh chemicals, as they could damage the finish or integrity of the item.

#### CONNECT WITH US! (6) (f) (9)

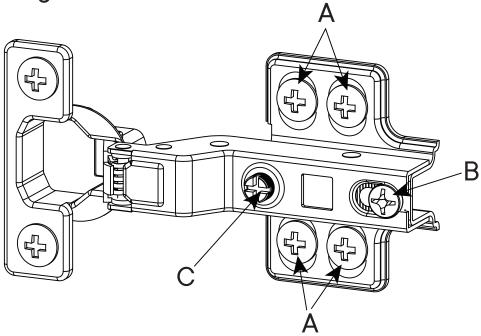

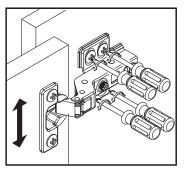

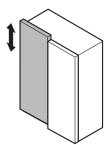

Tag us @modway\_furniture and #modway for a chance to be featured.

#### Cabinet Door Alignment

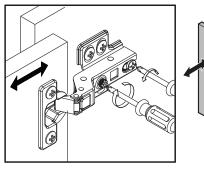

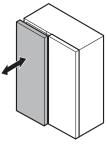

#### To adjust the vertical height.

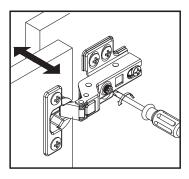

Loosen the four screws "A" on both hinges. Two of them are usually in slotted holes which allows you to adjust up or down by few mm. Then tighten back up.

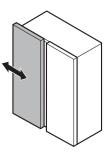

#### To adjust depth.

Loosen screw "B" and adjust door, if the door can not be adjusted, please loosen screw "C", then try again. Tighten screw "B" and "C".

#### To adjust side ways.

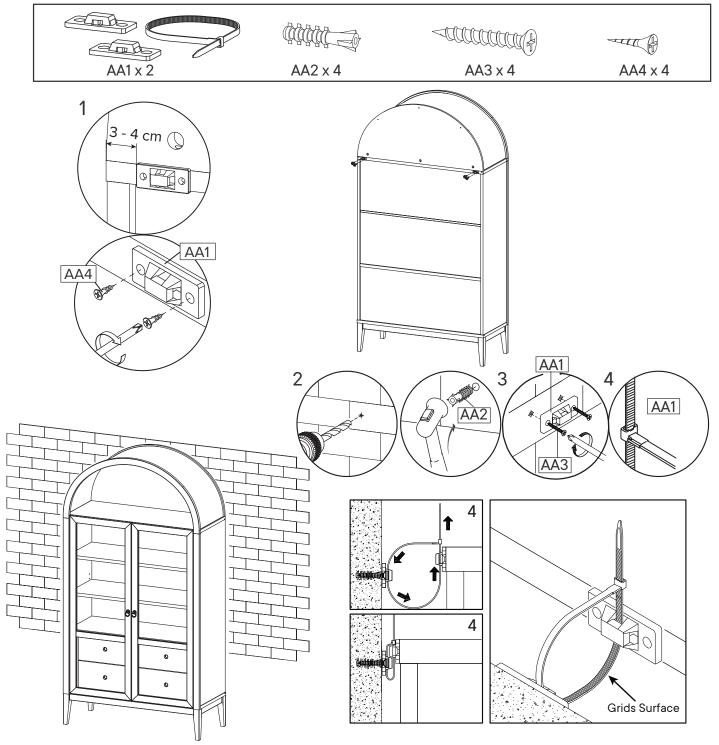

Turn screw "C" on BOTH hinges on each door.

#### TIPPING RESTRAINTS KIT INSTALLATION GUIDANCE

Different wall materials require unique wall fasteners.

The wall plugs (AA2) and screws (AA3) are designed for fixing to concrete walls only.

Please consult your local hardware store to ensure you are using the correct hardware for you wall type.

#### **Installation Instructions:**

- 1. Attach bracket (AA1) securely to the back top of the furniture using screw (AA4) provided. Allow 8 10 cm from each side.
- 2. Please make a hole for wall plugs position on the wall and minimum 15 mm below bracket secured to the back of unit. Attach the wall plugs (AA2).
- 3. Install the other bracket (AA1) on the wall over wall plugs (AA2), secure with screw (AA3). Place furniture into position so both brackets (AA1) are aligned.
- 4. Lace the end of the restrains strap through the larger hole in each bracket. Ensure the restrains strap with grids surface facing the inner loops. Bring both ends together and slide the flat end through the locking end and draw it through until all slack is removed.
- 5. Make sure that the strap is securely laced & locked.
