STEP 1

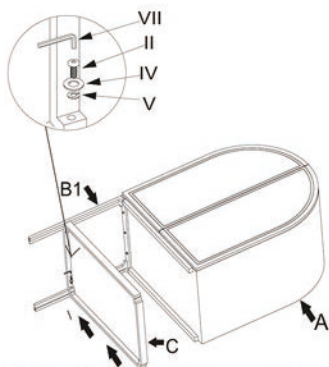

Take out all the parts out of box

STEP 2

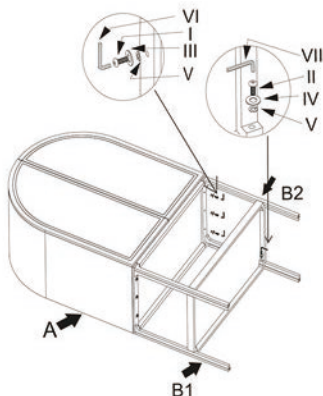

Notice: Assembly one leg-set;
Don't tighten any bolt until the
bottom shelf inserted.

STEP 3

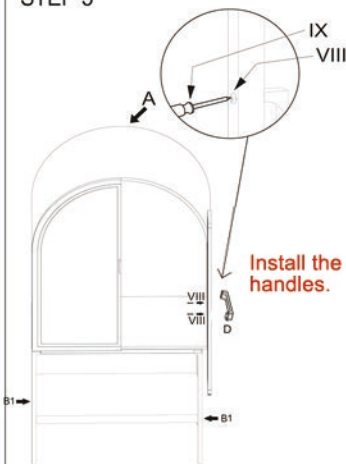

Notice: Attach the bottom shelf onto the leg-set, position with screw but don't tighten until the other leg installed.

STEP 4

Notice: Assemble the other leg, simultaneously attach the shelf, adjust all legs and shelf properly, tighten all the bolts now.

STEP 5

Install the handles.

Assembly completed

Note: Levelers are provided at bottom to balance the product on uneven surface.
