Care and Maintenance

- Use a soft, clean cloth that will not scratch the surface when dusting
- Use of furniture polish is not necessary. Should you choose to use polish,test first in an inconspicuous area.
- Using solvents of any kind on your furniture may damage the finish.
- Never use water to clean your furniture as it may cause damage to the finish.
- Always use coasters under beverage glasses and flowerpots.
- Always use protective pads under hot dishes and plates. Heat can cause chemical changes that may create spotting within the furniture.

Further advice about wood furniture care

- It is best to keep your furniture in a climate-controlled environment.
- Temperature and humidity changes can cause fading, warping, shrinking and splitting of wood. It is advised to keep furniture away from direct sunlight as sun may damage the finish.
- Proper care and cleaning at home will extend the life of your purchase. Following these important and helpful tips will enhance your furniture as it ages.
