## FURNITURE ANTI-TIPPING INSTALLATION

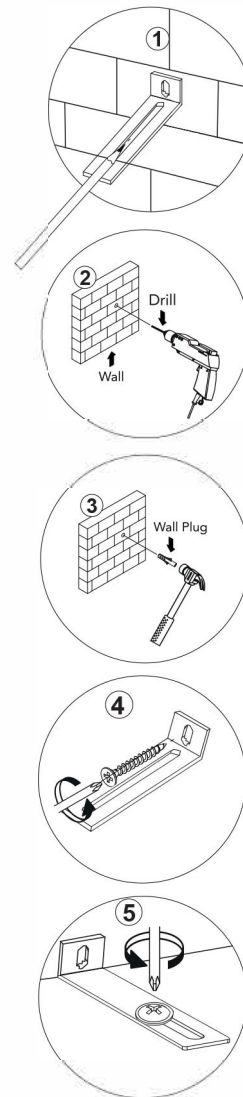

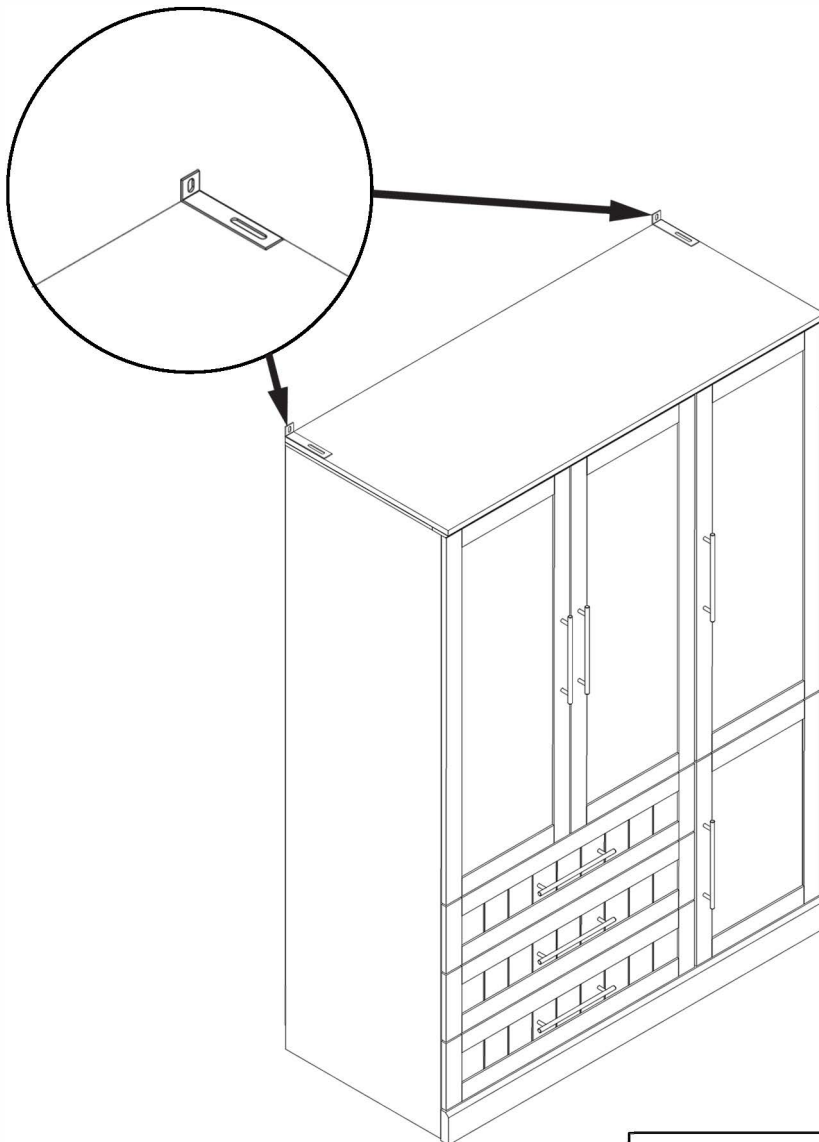

**This anti-tipping must be attached to a wall stud using screw enclosed:**

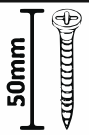

1. After assembling the unit, place it against the wall where it will be permanently positioned.
2. Place the bracket on top of the wardrobe as shown in the diagram.
3. Use a pencil to mark through the screw hole in the bracket, where the bracket has to be attached to the wall.
4. Move the cabinet away from the wall and secure the bracket to the wall at the marked position using a wall plug that suited to your wall surface.
5. With the wall brackets in position, move the cabinet back to the wall.
6. Then using the screw supplied, secure the horizontal arm of the brackets to the top of the wardrobe.

**Ce dispositif anti-basculement doit être fixé à un montant mural à l'aide des vis fournies :**

1. Après avoir assemblé l'unité, placez-la contre le mur où elle sera positionnée de manière permanente.
2. Placez le support sur le dessus de l'armoire comme indiqué sur le schéma.
3. Utilisez un crayon pour marquer à travers le trou de vis du support, l'endroit où le support doit être fixé au mur.
4. Éloignez l'armoire du mur et fixez le support au mur à l'emplacement marqué à l'aide d'une cheville murale adaptée à la surface de votre mur.
5. Une fois les supports muraux en place, remplacez l'armoire contre le mur.
6. Ensuite, à l'aide de la vis fournie, fixez le bras horizontal des supports au sommet de l'armoire.
