

Installation instruction

1. First, install the glass sheet and place it on both sides of the leaf (try to minimize the gap)
2. Then use the buckle to lock the two pieces of glass, install the light bulb, test the power, and then install the suspension rod on the lamp body.
3. Fix the hanging board on the ceiling, lift the lamp body, thread the main line through the ceiling panel, connect the power supply, lock the ceiling panel, and then install the suspension rod and tighten it on the interface.

Please install the glass carefully and do not grind the glass
