## Step 3 Assembly complete

This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning the use of the appliance by a person responsible for their safety. Children should be supervised to ensure that they do not play with the appliance.

# LED BAR LIGHT SAFETY MANUAL

*Please read the manual carefully and keep it for future usage*

## MAIN PERFORMANCE PARAMETERS

1. Power Supply operating voltage: AC 100-240V 50/60Hz  
Lamp operating voltage: DC5V
2. Rated power according to the actual length: 0.4 – 4.5W
3. Lamp protection against electric shock: III
4. Lamp protection class: IP20
5. Use ambient humidity  $\leq 90\%$   
Operating temperature:  $-35^{\circ}\text{C} / +55^{\circ}\text{C}$

## INSTALLATION REQUIREMENTS

1. Ensuring that all required parts for complete installation are provided
2. Power must be switched off before installing
3. Connecting the LED light to the power supply through the Zinc alloy screw sleeve & USB connector supplied as below diagram
4. Ensuring the connections between each items are fastened

## **OPERATION INSTRUCTIONS**

1. Short touch on the LED light head part to turn ON/OFF
2. Long touch on the LED light head part to adjust the brightness

## **SAFETY WARNINGS**

1. Only Adaptor KZ0501000U is to be used to power this LED light
2. In order to avoid the risk of eye damage, do not look directly into LED light
3. Do not use wet hands to touch the power supply
4. Do not touch LED light surface directly.
5. The LED light set is designed for indoor use only. When not in use, unplug the Adaptor
