

## 26" FIREPLACE INSERT SPECS

Infrared Quartz Electric Fireplace Insert with Safer Plug™ Technology
Accent crystals inside fireplace insert
The infrared quartz heat helps to maintain the natural humidity in the air, resulting in moist, comfortable heat without drying out the room's air
5,200 BTU heater provides supplemental zone heating for up to 1,000 square feet
Flame effect can be operated with or without heat, providing the ambiance of a gentle rolling fire all year long
Flame effect technology offers multiple LED color and brightness options with down lighting to create the perfect ambiance
Adjustable, digital thermostat allows you to decide the temperature of your room
Simple, hassle-free installation, requires no venting or gas lines
Green alternative, Eco-friendly, and energy efficient fireplace. Does not emit any emissions or other hazardous byproducts
Includes a powerful fan-forced heater with 7 heat settings, designed to keep the rooms you spend the most time in warm and comfortable
Lasts more than 35 times longer and uses 10 times less energy than incandescent light bulbs
Includes a thermostat controlled fan-forced heater to ensure consistent comfort
Includes a convenient remote control for ease of use at your fingertips
Economical to operate
Tempered front glass stays cool, making it safe for use around children and pets
Plugs into any standard household outlet
Electronic timer function automatically turns the fireplace off for convenience
Visual display allows you to see the adjustments made to flame, heat, and timer settings
Fire prevention technology provides added safety by monitoring the temperature of the plug to prevent electrical fire, circuit or product damage
1 year limited warranty
Insert Dimensions: 17.6" H x 26.88" W x 9.5"D
