

ITEM NO.#5006 INSTALLATION INSTRUCTIONS

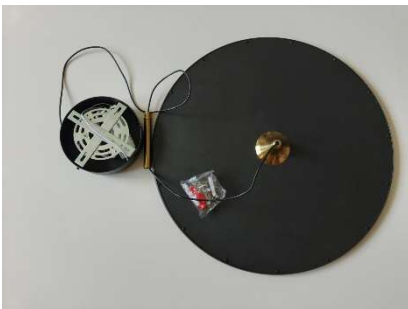

Before Installation:

1. This fixture is not compatible with dimmer switches. Please use a standard on/off wall switch.
2. If any parts are damaged or missing, or if you have any questions, please contact us through the order page.
3. The suspension wire may not be perfectly straight at first. It will gradually straighten within about 2 weeks after installation.
4. For safety, we recommend having the installation completed by a qualified electrician.
5. Please scan the QR code to watch the installation video.

Installation Steps:

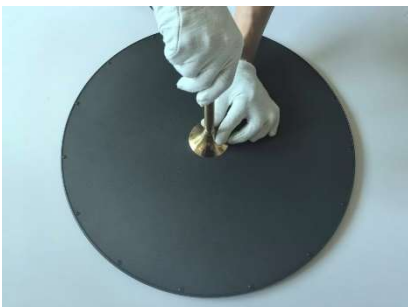

1.

Step 1: Check the Accessories

Open the package and make sure all accessories are included before installation.

2.

Step 2: Assemble the Lamp Body

Tighten the connecting rod onto the lamp body.

3.

Step 3: Install the Mounting Bracket

Attach the mounting bracket to the ceiling using the included expansion bolts and screws.

2.

Step 4: Connect the Wires

Connect the fixture wires to the corresponding ceiling wires:

Black wire: Live wire (L)

White wire: Neutral wire (N)

Ground wire: Connect to the green or yellow-green ground wire.

4.

Step 5: Secure the Canopy

Attach the canopy to the mounting bracket and secure it with the included screws and nuts.

Two-person installation is recommended for easier and safer assembly.

【Height adjustment】

Press and hold the wire adjustment button on the canopy, then gently pull the wire down or push it up to adjust the hanging height. Release the button to lock the wire in place.
