

DTV+™ | K-99702

Conversion kit for DTV I interface

Features

- Upgrade an existing installed DTV I primary interface (K-684) to the DTV+ interface (K-99693)
- Kit includes cover plate and all required cables to convert the existing components to work with the new DTV+ system controller and interface, including a wiring connection adapter to utilize existing in-wall cables
- If installed, the auxiliary interface (K-686) must also be upgraded at the same time using the K-97171 conversion kit
- Note that DTV I landscape primary interfaces (K-683) cannot be upgraded to the new DTV+ interface

Codes/Standards

None Applicable

Valves

Required Valve: Digital

Material

- Premium material construction for durability and reliability

Recommended Products/Accessories

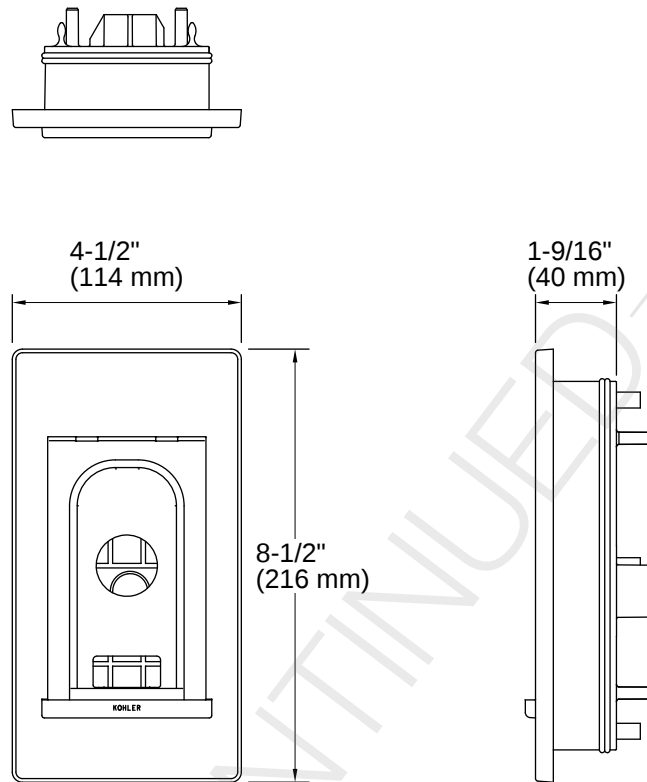

K-23723 Faucet cleaner

Warranty
