Product Description: We're sure this is the most glamorous work-from-home desk solution you'll find anywhere. With a refined silhouette and slender shaped legs, the Rustic Glam Leg Desk is crafted of Quartered White Oak Veneers and glass with shimmering eglomise accents. The center drop-front drawer accommodates a keyboard, and there are two utility drawers with two dividers in each. One pencil tray and mouse pad can be used in either side drawer. Antique brass knob hardware.

Collection Features: Rustic Glam is a 4 piece home office group in Workwell. Rustic Glam features a soft white oak veneer finish with eglomise accents.

Status: Active

Finish: Eglomise glass accents, medium wood finish with distressing including antiquing, wire brush, gouging and rasping

Two utility drawers with two dividers in each
One pencil tray and mouse pad that can be used in either side drawer
Levelers
Keyboard drawer opening: 22W x 16 9/16D x 3 3/16
Kneehole dimensions: 48W x 24H

Material: Quartered White Oak Veneers and Glass

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides

for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
