## Please note:

**Please check the parts list, if the parts are missing during your actual installation, please contact us, we will help you in time!**

## STEP IV Hanging Pendants

### Step 4

### FAQ

Q: What do I need to look for when I install a Spanish lucite?

A: As Spanish marble is fragile, we simply place the Spanish marble gently on the matching lamp body, the screws need to be tightened to prevent them from falling off.

## STEP I Unpacking

Open the box, and take out all the accessories, you will get the following items.

### FAQ

Q: When I open the box, I find that the glass fittings are broken, what should I do?

A: As the Spanish marble lampshade fittings are natural Spanish marble, which is inherently fragile, we have taken this into account. We have made reinforced packaging inside each box, which is enough for your installation. If any of the Spanish marble fittings are broken, please contact us promptly and we will send you new Spanish marble fittings.

## STEP II Branch Adjustment

### FAQ

Q: How do I differentiate between N/L wiring and a ground wire?

A: We have already distinguished between the N/L markings on the wires and the brass wire on the mounting bracket is the ground wire.

## STEP III Wiring and Mounting

### FAQ

Q: What if the bulb is not vertical when installed?

A: We can loosen the bulb to fine-tune the angle.

Ensure that the light source, when locked, is vertical! so that the locking angle touching the inner wall of the lampshade!
