

Description

Not sure what kind of lights to buy? This crystal LED rain drop chandelier can be the best choice for you. Its unique rain drop shape and radiant crystal decoration add a sense of luxury to your home decoration. And a romantic atmosphere and a beautiful evening can be created by this gorgeous chandelier. Brightness can be adjusted with remote control. It is suitable for the living room, bedroom, restaurant, hotels, clubs, etc.

Key Features

Rain Drop Crystal Light: The rain drop design reveals the fashionable and luxury style of the product. It gives your home a more premium feel and creates a romantic atmosphere.

Easy to Clean: When you clean this chandelier, you only need to wipe with a cloth, and then it can shine like a brand new light.

Exquisite Appearance: The distinctive design and artistic contours bring a luxurious atmosphere to your home, creating a high quality of life.

Wide Application: The lamp can illuminate a room of about 35m². You can use our chandelier in restaurants, cafes, homes. Or use it in commercial and exhibition locations and any other public places where they fit. It provides a new look to the whole room.

High-Quality Material: The luxury crystal chandelier is sturdily built with high quality materials. K9 crystal is crystal clear, delicate and elegant, shining from all angles.

High Transmission: The crystal is translucent, allowing the light to twist and turn. So the light can effectively brighten your space.

Generous Warranty: The crystal is brittle during shipping. If you get any damage or problems, please contact our customer service as soon as possible. We will assist you in resolving the issue.

Customer Service: Customer always comes first. So if you have any questions please feel free to contact us. We are very willing to answer your questions.

Details

Clear Crystal: It has high-end first-class clear crystal and the effect of light twists and turns is gorgeous. So it can be called a good home product.

Metal Body: The lamp body is made of high-quality metal, **anti-corrosion** and **anti-rust**, strong, and not easily deformed.

Reinforced Ceiling Plate: This product has screws fixed on the ceiling plate, so the chandelier is more stable and not easy to fall. It keeps you and your family's safe.

Application

This lamp is suitable for rooms about 20-35m². You can use our chandelier in restaurants, cafes, homes. Or use it in commercial and exhibition locations and any other public places where they fit. It provides a new look to the whole room.
