- The exhausted battery must be handled and operated properly by adults only. Do not be played by children.

Product Specifications:

Name	Specification
Battery	12V4.5A*1
Suitable age	37-95 months
Loading capacity	30kg
Product size	100×65×72cm
Speed	3-5 km/h
Charge/Use time	charge 8-12h, use 45min
Charger	Input: 120-240V Output: 12V 500mA
Remote control	AAA1.5V

The above parameters are selected by the customer, and the specific parameters shall be subject to the actual sample.

Installation Order Diagram

1. Front axle and front spring assembly

First, put the flat iron on the front axle. Put 1pcs front spring to each side of square tube. Then insert the front axle into the hole of square tube, add 1pcs washer and use spanner to tighten the nut. The same way for the other side. Direction lever should be passed through the hole of front axle, then add 1pcs small washer and use spanner to tighten the nut.

2. Front wheel assembly

Add 1pcs big washer, 1pcs wheel, 1pcs small washer step by step, use spanner to tighten the nut. Finally put the small wheel cover on. The same way for the other side.

3. Rear spring and rear spring holder assembly

Insert the rear spring holder into the reserved place on the car body, use 8pcs M4*14 screw to tighten.

4. Rear axle and motor assembly

Insert the rear axle through the holes of rear spring holder. Add 1pcs motor, 1pcs wheel, 1pcs small washer step by step, use spanner to tighten the nut. The same way for the other side.

5. Door and rearview mirror holder assembly

Insert the door into the reserved place on the car, then insert the rearview mirror holder into the reserved place on the car and door. Use 2pcs M4*14 screw to tighten. The same way for the other side.

6. Steering wheel assembly

Unscrew the steering wheel, insert steering wheel into the direction lever, use screw and nut to tighten.

7. Windshield, rearview mirror, search light holder, search light assembly

Insert the windshield, rearview mirror, search light holder into the reserved place on the car. Then insert the search light into the search light holder.

8. Motor line and battery line connection

Connect the motor line correctly. Connect the red battery line to the red terminal.

9. Seat assembly

Insert the seat into the reserved place on the car, use 2pcs M4*14 screw to tighten.

10. Switch the remote control and manual switch

1. Remove the screw from the switch cover by a screwdriver.
2. Open the switch cover, switch the remote control and manual switch. Under remote control mode, the car can only be operated by remote control, the foot can not be operated. Under manual mode, the car drive can only be operated by foot, remote control can not be operated.
