Product Description: Add modern flair to your spaces with this chairside companion, the casual rustic St. Armand Round End Table combining an Acacia Solid Wood top in a light wood finish with a lightly-scaled metal base.

Collection Features: Say goodbye to boring and drab. Your style can take shape with a mix of materials and designs offered in our vast selection of end tables.

Status: Active

Finish: Light wood finish with metal base. Distressing includes tiger scratches.

Features: Levelers
Bottom of rail to floor: 2.4
Light wood finish top
Metal base

Material: Acacia Solids and Metal

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable

with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
