About your HLS Commercial® Product

Your HLS Commercial trash can is great for offices, cubicles, restrooms, restaurants, lobbies, or common areas. The ergonomically-designed pedal requires minimal force to operate. The gentle lid close is smooth and silent. The easy to replace air damper means this step trash can will provide years of like-new performance. It also features a removable inner bucket for quick and easy emptying. The finish is fingerprint-proof, smudge-resistant, and easy to clean. HLS Commercial provides all of the elegance, convenience, and durability you could hope for in a trash can!

Safety is paramount, and fire poses a significant risk to life and property. This HLS Commercial product has been manufactured with fire-retardant materials to mitigate that risk and has been tested and confirmed by FM Approvals as meeting or exceeding their rigorous standards.

FM Approvals® tested and certified **HLS Commercial 8 Gallon Stainless Steel Step Trash Can** provides the compliance, protection, and style you need and want in your facilities. Bin fires are quickly extinguished with the special fire-retardant liner material and a tight lid design that restricts airflow to the interior of the bin, starving a flame of necessary oxygen.

Attention

1. This item is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the item by a person responsible for their safety. Children should be supervised to ensure that they do not play with the item.
2. Clean the trash can body only with products safe for use on stainless steel.
3. Do not press or force the lid to close. Lid will close automatically after you release the pedal.
4. Ensure there is enough room to operate the trash can without blocking the opening and closing of the lid.
5. Do not overstuff trash bag. It may cause tearing or difficulty removing.

AbsorbX® Odor Filter

(first filter
is included)

AbsorbX odor filters utilize all-natural activated carbon technology to absorb and neutralize trash odors, leaving your kitchen smelling fresh and clean. Illness-causing Volatile Organic Compounds (VOCs) are also trapped in the filter, making the air you breathe cleaner and healthier.

AbsorbX® Odor Control Technology

- Replace AbsorbX® Odor Filter every 3 months or when odor becomes too strong.
- Used AbsorbX® Odor Filter should be disposed of in a trash can.
- Contact your HLS Commercial Representative to order replacement AbsorbX Odor Filters.

Trouble- shooting

If the lid begins to close quickly, the air damper may need to be replaced.
