

Assembly Instructions

- 1. Place the top face down with the four inserts facing up.**
- 2. Take one leg and align the holes with the insets of the top.**
- 3. Put a lock washer on a screw and place within hole on the leg.**
- 4. Hand tighten screw in hole and insert on the top so it fastens the leg to the top.**
- 5. Repeat step 3 & 4 for the three additional holes/screws on that leg.**
- 6. Place the other leg on the opposite side and align the holes with the inserts on the top.**

- 7. Put a lock washer on a screw and place within hole on the leg.**
- 8. Hand tighten screw in hole and insert on the top so it fastens the leg to the top.**
- 9. Repeat step 7 & 8 for the three additional holes/screws on that leg.**
- 10. Flip the feeder up so that the legs are resting on the floor and the top is facing up.**
- 11. Insert the bowls into the holes of the top.**
- 12. The feeder is now assembled and ready for use. Enjoy!**
