

Assembly Instructions

**Caution : You must read this before you proceed
Please look in the bottom of seat frame for hardware packs and legs.**

Counter Chair

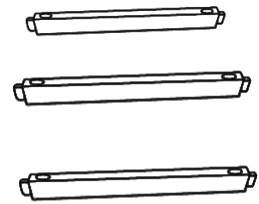

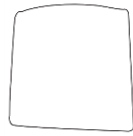

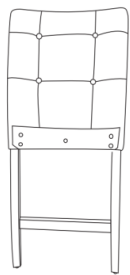

Parts List

Part NO.	Picture	Description	QTY
A		Chair Back	1
B		Chair Seat	1
C		Left Front Leg	1
D		Right Front Leg	1
E		Front Rail	1
F		Left Side Rail	1
G		Right Side Rail	1
Hardware			
①		Bolt(M8x75mm)	5
②		Bolt(M8x50mm)	6
③		Spring Washer	10
④		Flat Washer	10
⑤		Allen Key	1
⑥		Screw(M4x45mm)	7
⑦		Screwdriver	Not provided

Assembly Preparation

Before Beginning Assembly:

Pack A for assembling the Seat Frame(B) to the hind legs of Chair Back(A)	Bolt(M8x75mm)+ Washer +Spring Washer	
Pack B for assembling the Seat Frame(B) to the Front Leg Left(C) & Front Leg Right(D)&the Seat Frame (B) to the horizontal panel of Chair Back (A) at the central point	Bolt(M8x50mm)+ Washer +Spring Washer+Allen Key	
Pack C for assembling the Left Side Rails(F) &Right Side Rails(G) to the Left Front Leg (C) &Right Front Leg (D)	Screw(M4x45mm)	
Pack D for assembling the Left Side Rails(F) &Right Side Rails(G) to the Chair Back (A)	Screw(M4x45mm)	
Pack E for assembling the Front Rail(E) to the Front Leg	Screw(M4x45mm)	

- Read instructions, cover to cover-

- Have 2 adults on hand for assembly-

- Do not assemble on flooring or carpet-

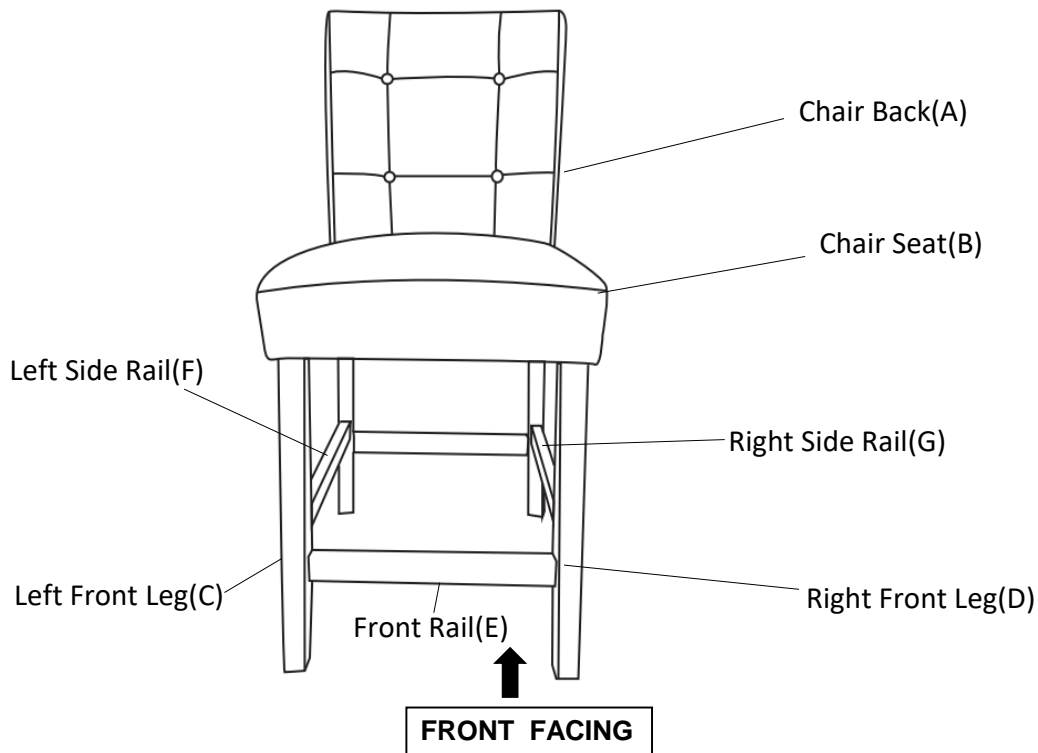

- Assemble on a clean non-marring surface (packing foam)-

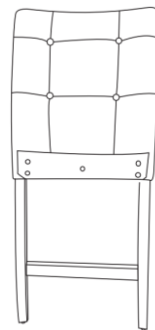

- Save all packaging until finished-

Assembly Steps

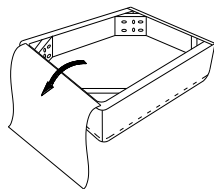

This Counter Chair has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Counter Chair parts, the above picture is to help you put the various parts into perspective. Please read through the instructions herebelow to familiarise yourself with the parts and steps before assembly.

Step 1

A. Chair Back

B. Chair Seat with Black Calico/magicTapes

C. Front Left Leg & D. Front Right Leg

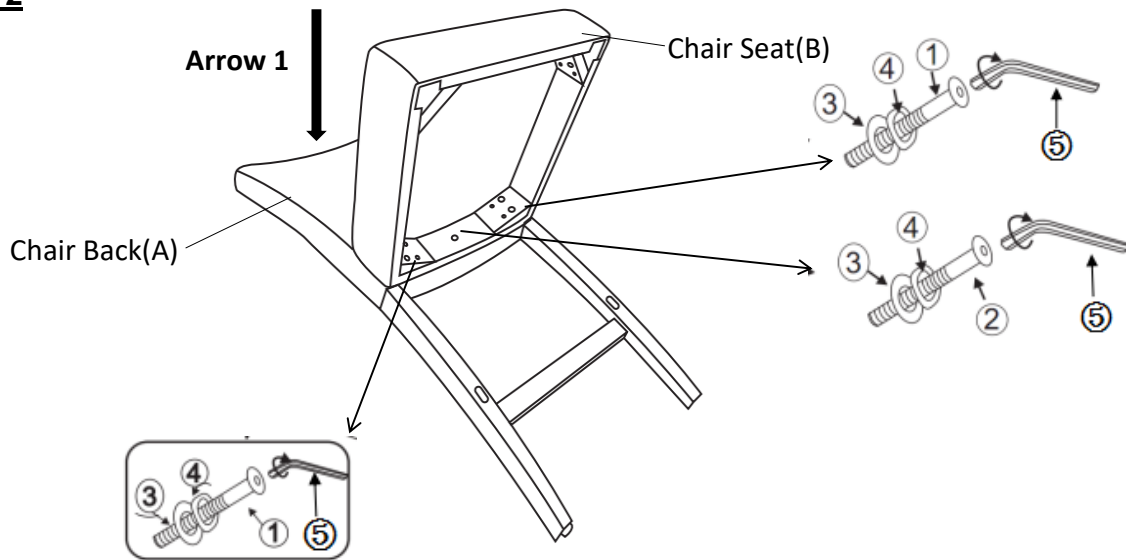

E. Front Rail

F. Left Side Rail & G. Right Side Rail

Place the Chair Back(A) and Chair Seat(B) on a clean, non-marring surface.
Remove the Seat Base Cover from the underside of the Chair Seat(B) and take out all of the Parts and Hardware.

Step 2

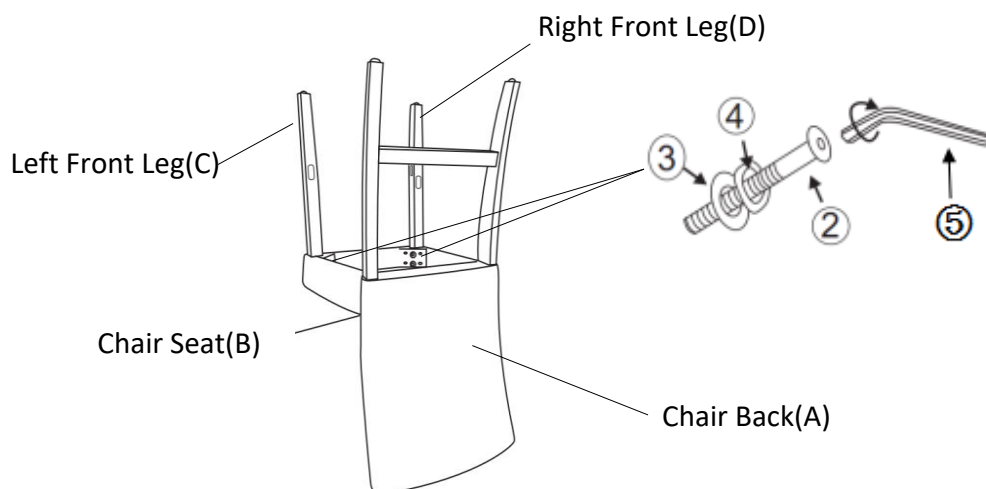

Put the Chair back(A) onto a flat table or panel.
Align the positioning dowels on the Chair Seat(B) with the mounting positions located on the Chair Back panel and Chair Seat panel.
Use your left hand to push the seat frame floorwards, depicted by Arrow 1.
This action helps to ensure the chair seat(B) is pressed towards to the chair back(A) with no gap between these.
Then, attach using the one middle hole and bolts②. The four corner mounting positions will be used later.

The hardware for these is Bolts①+ Bolt②+ Flat Washers③ + Spring Washers④, using the Allen key⑤ to tighten the bolts.

At this point of the assembly, DO NOT overfasten the connections.

Step 3

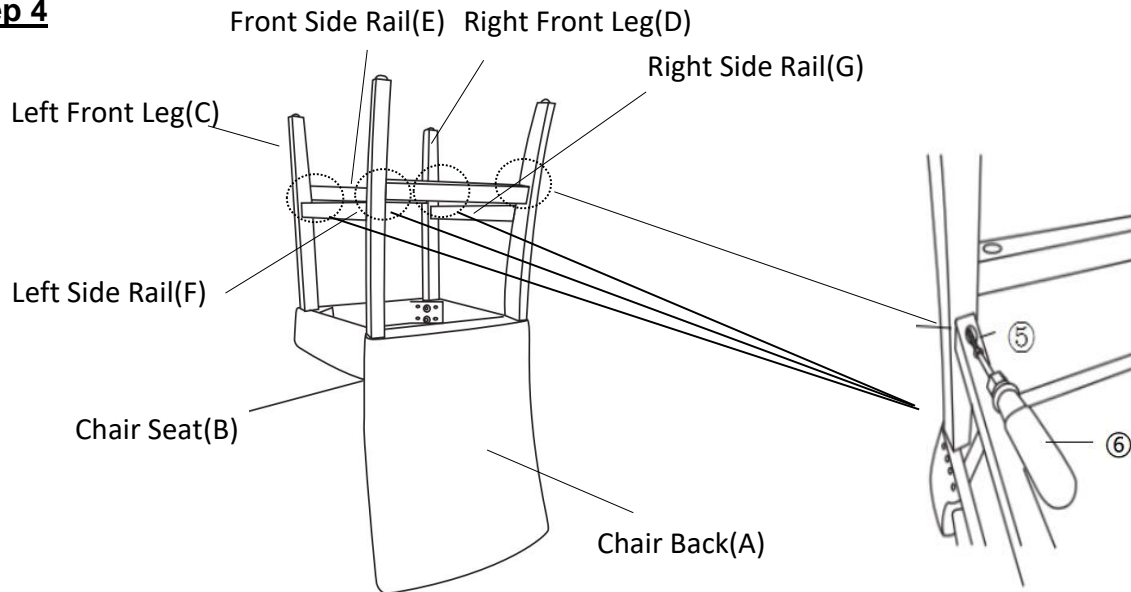

Place the Chair Back (A), Chair Seat(B), Left Front Leg(C), Left Front Leg(D) onto a soft surface to avoid any scratches or damage to the product.

Attach the Left Front Leg (C), and the Left Front Leg (D) to the Counter Chair Seat(B) and secure with 4 Bolts ②, 4 Spring Washers ③ and 4 Flat Washers④ per each leg with the Allen Key⑤ as is shown the picture.

Do not fully tighten the Bolts② in this step.

Step 4

Insert the Front Side Rail (E) into the round housing of the Left Front Leg (C) as shown above.

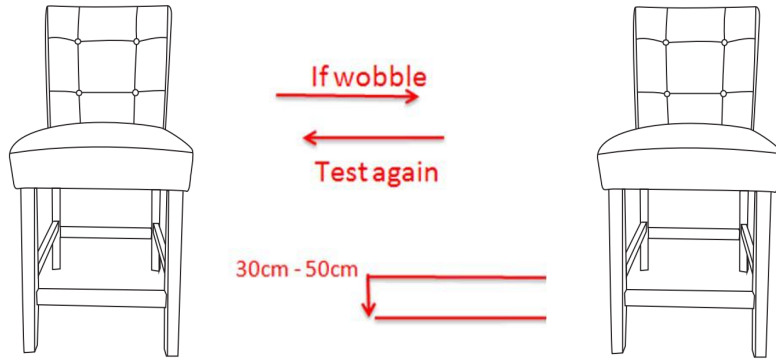

Caution: You may need to apply a little pressure to the Right Front leg (D) pushing outwards, so as to enable the Front Side Rail (E) to be slotted into position. If the distance is not enough, you need to go back and loosen the bolts in step 3, ensuring the foot pole has enough space to insert the rail.

Secure with 2 Wood Screws⑤ per each Side rail (E,F,G).

Tighten Screws⑤ using a Screwdriver⑥ (not provided).

WARNING !! LOOSELY TIGHTEN. OVER TIGHTENING COULD LEAD TO DAMAGE OF THE PRODUCT. TIGHTEN ONLY UNTIL SECURE.

Step 5

Place the Counter Chair on a Level Surface to check if it wobbles.

If it wobbles, lift the Counter Chair some 30cm to 50cm high from the ground, keep your feet and toes well away from the drop zone, and drop the Counter freely and vertically with the four legs, hitting the ground at the same time.

This Drop Test will help to ensure that all the bolts and gaps reach full alignment.

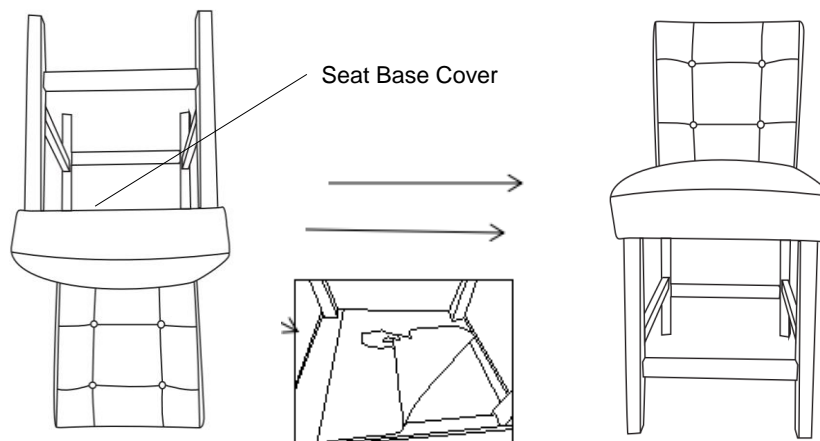

Test again for evenness on a Level Surface.

If no wobbles are found, proceed to tighten all the Bolts.

Caution: When tightening the Bolts, tighten sequentially.

Do not tighten any screw fully and then move towards the next one, this would cause the frame to warp. If it still wobbles, loosen the bolts and execute this same drop test. If the Counter Chair is not Stable it could lead to damage of the product.

Step 6

Place the Seat Base Cover back as shown in the picture.

Smooth the MagicTape down with your hand on all four sides at the edge of the seat.

Inspect and make sure all parts are connected.

The Counter Chair is ready for use.

Caution: This Counter Chair can only be used on a flat, level surface.

Care & Maintenance

	<ul style="list-style-type: none">• Furniture may scratch floors. We recommend using furniture pads to protect your floors.
	<ul style="list-style-type: none">• Do not put hot items directly on furniture surface.
	<ul style="list-style-type: none">• Do not clean furniture with harsh cleansers or polish.
	<ul style="list-style-type: none">• Do not place furniture under direct sunlight.
	<ul style="list-style-type: none">• Do not place furniture near heating or cooling vents.
	<ul style="list-style-type: none">• Do not write on furniture without a padded barrier to protect the surface.
	<ul style="list-style-type: none">• Do not place furniture outside . For indoor use only.
	<ul style="list-style-type: none">• Not for commercial use. For residential use only.
	<ul style="list-style-type: none">• Stains may be removed with mild soap solution and damp cloth.
	<ul style="list-style-type: none">• Children should not climb or jump on the furniture.
	<ul style="list-style-type: none">• Dust and pick-up spills using a clean, non-colored, lint-free cloth.

Questions & Answers about Proposition 65

• What is Proposition 65?

Proposition 65 requires businesses to provide warnings to Californians about significant exposures to chemicals that cause cancer, birth defects or other reproductive harm. These chemicals can be in the products that Californians purchase, in their homes or workplaces, or that are released into the environment. By requiring that this information be provided, Proposition 65 enables Californians to make informed decisions about their exposures to these chemicals.

Proposition 65 also prohibits California businesses from knowingly discharging significant amounts of listed chemicals into sources of drinking water.

Proposition 65 requires California to publish a list of chemicals known to cause cancer, birth defects or other reproductive harm. This list, which must be updated at least once a year, has grown to include approximately 900 chemicals since it was first published in 1987.

• What types of chemicals are on the Proposition 65 list?

The list contains a wide range of naturally occurring and synthetic chemicals that include additives or ingredients in pesticides, common household products, food, drugs, dyes, or solvents. Listed chemicals may also be used in manufacturing and construction, or they may be byproducts of chemical processes, such as motor vehicle exhaust.

• What does a warning mean?

If a warning is placed on a product label or posted or distributed at a workplace, a business, or in rental housing, the business issuing the warning is aware or believes that it is exposing individuals to one or more listed chemicals.

By law, a warning must be given for listed chemicals unless the exposure is low enough to pose no significant risk of cancer or is significantly below levels observed to cause birth defects or other reproductive harm.

• Where can I get more information on Proposition 65?

If you have specific questions on the administration or implementation of Proposition 65, you can contact OEHHA's Proposition 65 program at P65.Questions@oehha.ca.gov, or by phone at (916) 445-6900.
