MINI-SHELF SUPREME
ASSEMBLY INSTRUCTIONS

Please inspect box contents to ensure you have received all components.

Note: The black circular plastic tops in between the shelves are used only for packaging purposes. They are NOT NEEDED. Please discard.

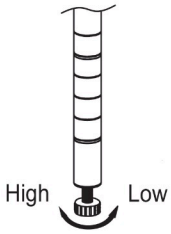

Parts Table:

Ⓐ Wire shelf 2PCS	Ⓑ 3 Side Rail 1PC	Ⓒ Post 4PCS	Ⓓ Slip Sleeve 24PCS	Ⓔ Feet leveler 4PCS
				

Installation Steps:

1. Screw in each Feet (E) into the bottom of each Lower Post (C), turn each leveler clock-wise until in place.

If not stable，adjust feet.

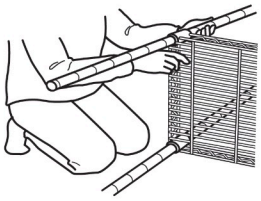

2. Each Post (C) has slight horizontal line indentations at 1″ intervals. Each Slip Sleeve (D) has raised horizontal lines inside designed to lock them in place on the Post. On each Post, place 1 pair of slip Sleeves (D) at the desired level and make sure that the heights are identical for each post.

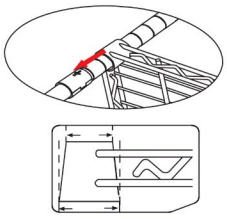

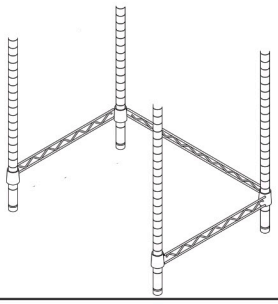

Please follow the directional arrow when placing the slip sleeves.

3. Place the shelf on its side and slide each post with Slip sleeves through the bottom of the shelf until you hear a click to confirm the pair is locked onto the Post (C) .DO NOT place more than one pair on each Post (C) at a time.

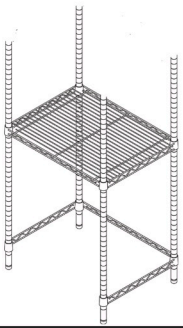

4. Position the unit in upright position after all four posts are in place. Push down on each corner of 3 side rail (B) to ensure it is in fully locked position.

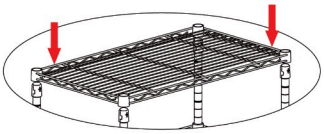

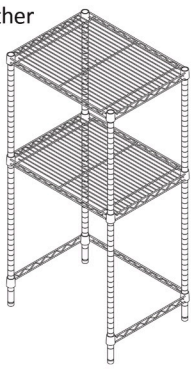

5. Push down on the each corner of the shelf (A) is in fully locked position.

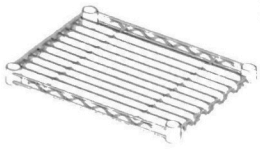

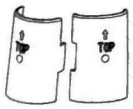

6. Repeat the above steps to assemble other wire shelves (A) one by one.
