The final effect as pictured below :

## INSTRUCTION FOR USE

- When opening the door to the walk in Greenhouse, always roll up the door and tie at the top. This will prevents damage to the door that could occur if the door is not tied open.
- Store in a sheltered location during periods of extreme weather and high winds.

### NOTE:

Greenhouse covers should be removed when outside temperatures reach 60 degrees or above. Extreme heat and sun will melt the plastic cover.
