Assembly Instructions

Caution : You must read this before you proceed

Care & Maintenance

- Not for commercial use. For residential use only.

- Furniture may scratch floors. We recommend using furniture pads to protect your floors.

- Do not put hot items directly on furniture surface.

- Do not clean furniture with harsh cleansers or polish.

- Do not place furniture under direct sunlight.

- Do not place furniture near heating or cooling vents.

- Do not write on furniture without a padded barrier to protect the surface.

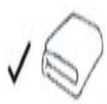

- Do not place furniture outside . For indoor use only.

- Stains may be removed with mild soap solution and damp cloth.

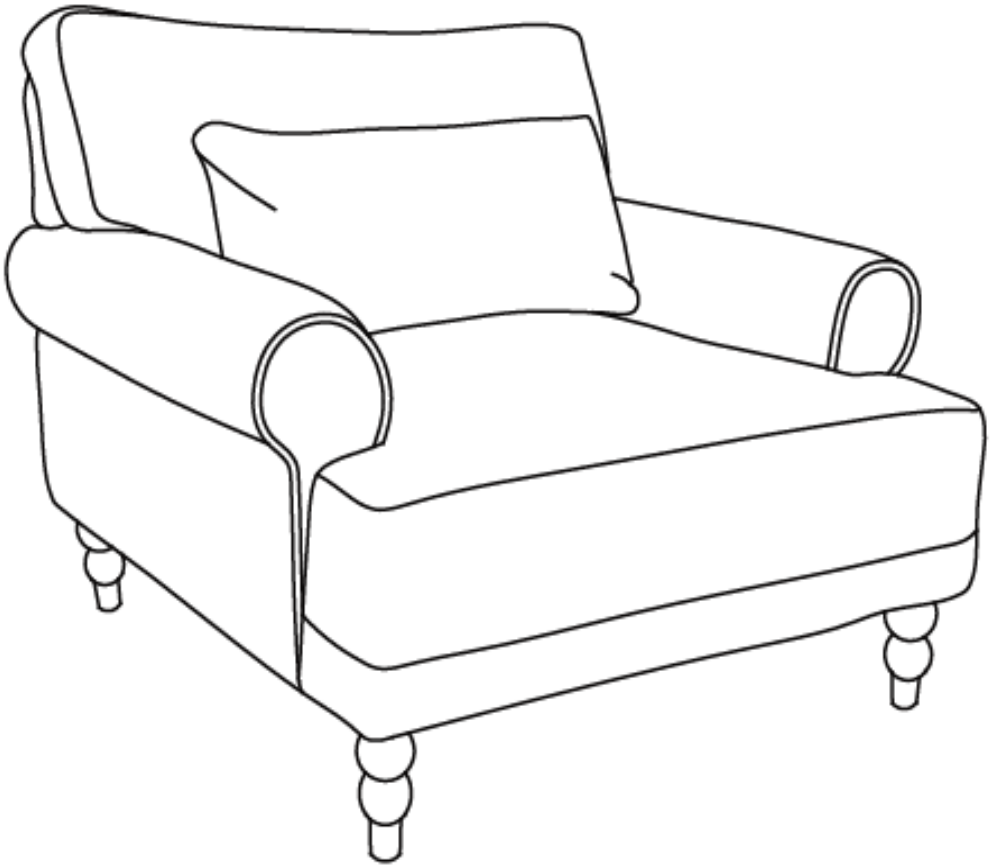

- Children should not climb or jump on the furniture.

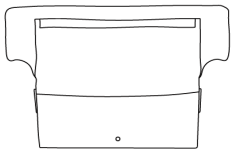

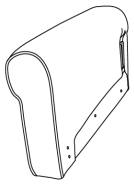

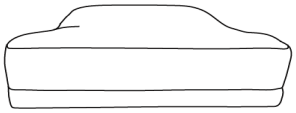

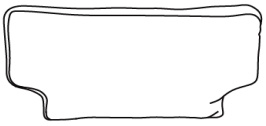

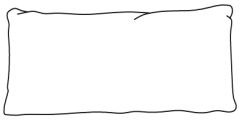

- Dust and pick-up spills using a clean, non-colored, lint-free cloth.

Please look in carton for hardware packs and legs.
Sets often ship in multiple boxes and may arrive a day or two apart.

Assembly Preparation

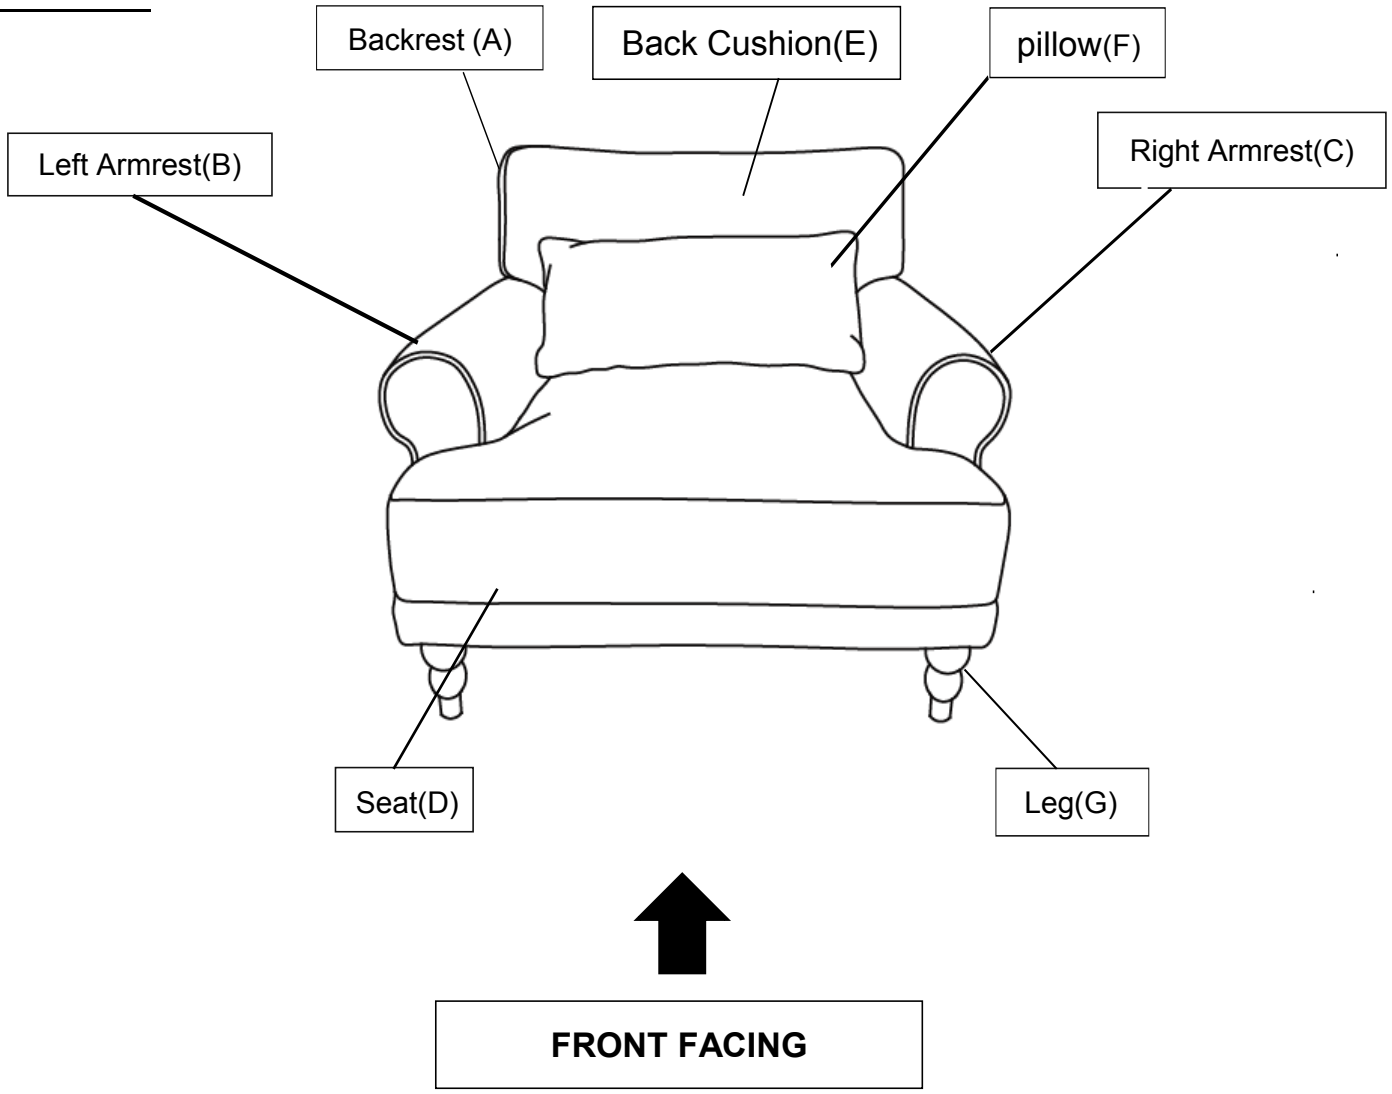

Before Beginning Assembly:

- Read instructions, cover to cover-
- Have 2 adults on hand for assembly-
- Do not assemble on flooring or carpet-
- Assemble on a clean non-marring surface (packing foam)-
- Save all packaging until finished-

Assembly Steps

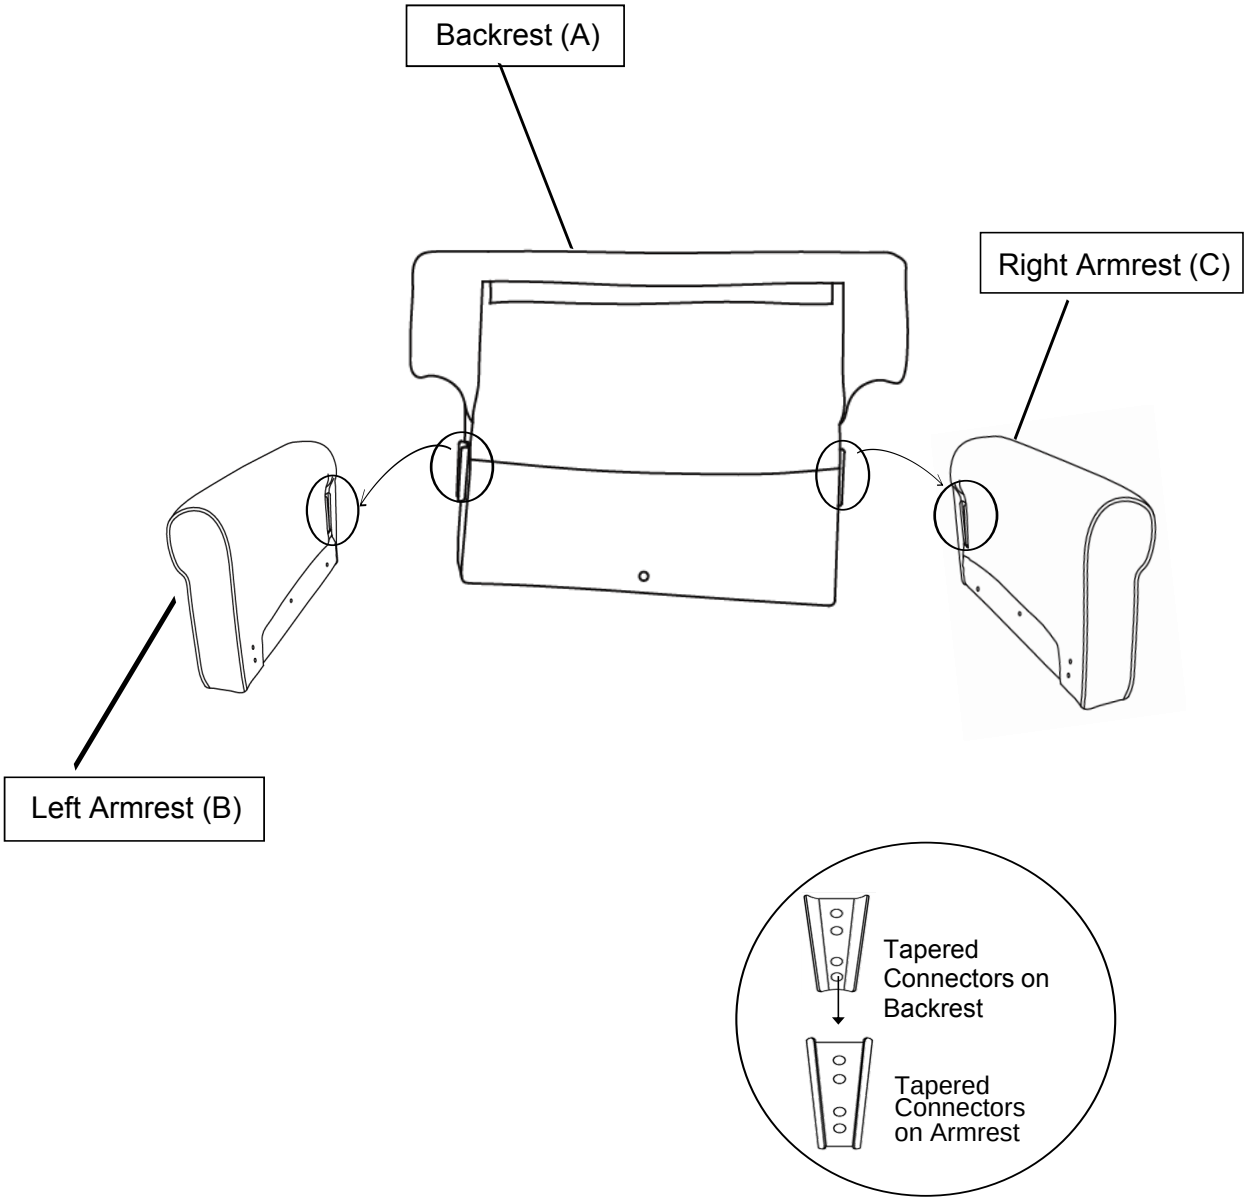

Overview

This Chair has multiple parts and may require up to 30 minutes to assemble.To give you an overview of the Chair,the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

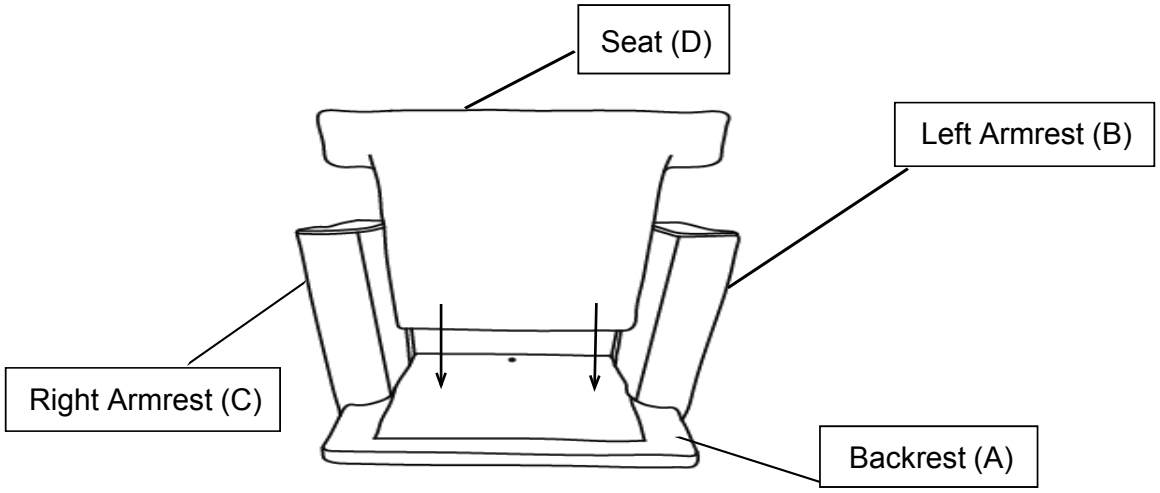

Note: It is recommended that you have an adult partner to assist during the entire assembly process.

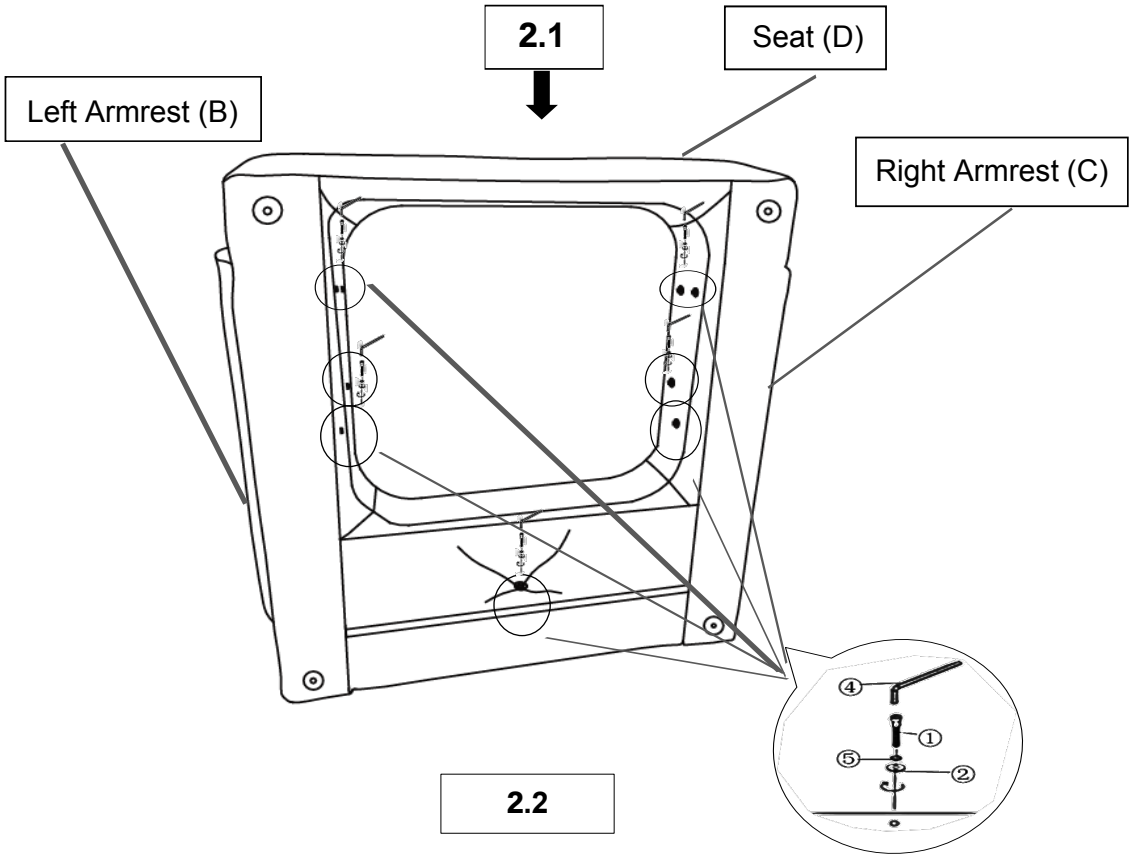

Step 1

Open the carton and place all the parts on a clean, non-marring surface.
With the assistance from your partner,lift the Backrest(A) up, align theTapered Connectors on the Backrest(A) with those on the Left Armrest(B) and the Right Armrest (C).
Slip and slide the Backrest in a gradual and balanced manner into the Tapered Connectors.
Assistance from an adult partner is needed for this assembly process.
Caution: Ensure that your fingers do not get caught or pinched in the assembly process.

Step 2

With the assistance from your partner.

2.1)Shown as above picture, insert Seat (D) into the STEP1 assembled Armrests.

2.2)Tilt and lay the Chair on its Backrest(A) onto a flat surface.

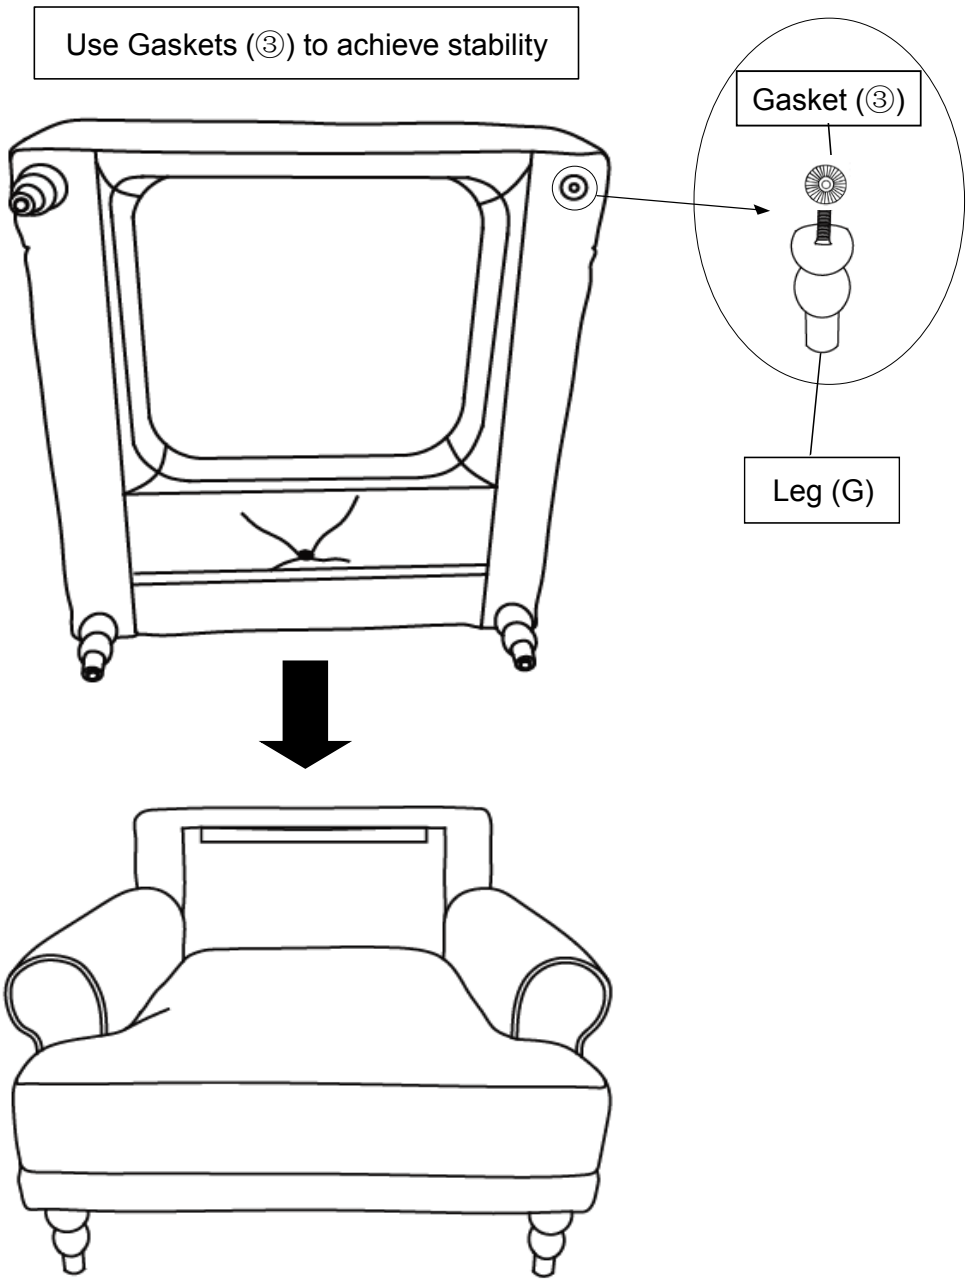

Attach the Seat(D) to the Left Armrest(B) & the Right Armrest(C)& Backrest(A) using Bolts(①), Spring Washers(⑤), and Washers(②) with the Allen Wrench(④) as pictured above.

DO NOT fully tighten a Bolt in one go and then move on to the next.

Rather, In a sequential manner,gradually tighten each Bolt until all Bolts are evenly secured. This methodology will ensure maximum evenness once all Bolts are fully tightened.

Note: Insert the bolts on the Armrest first, then go to Backrest. If you can not insert the Bolt into position on Backrest,please push the Backrest towards Seat bottom, make sure the Backrest bottom is leveling with Seat bottom.

Step 3

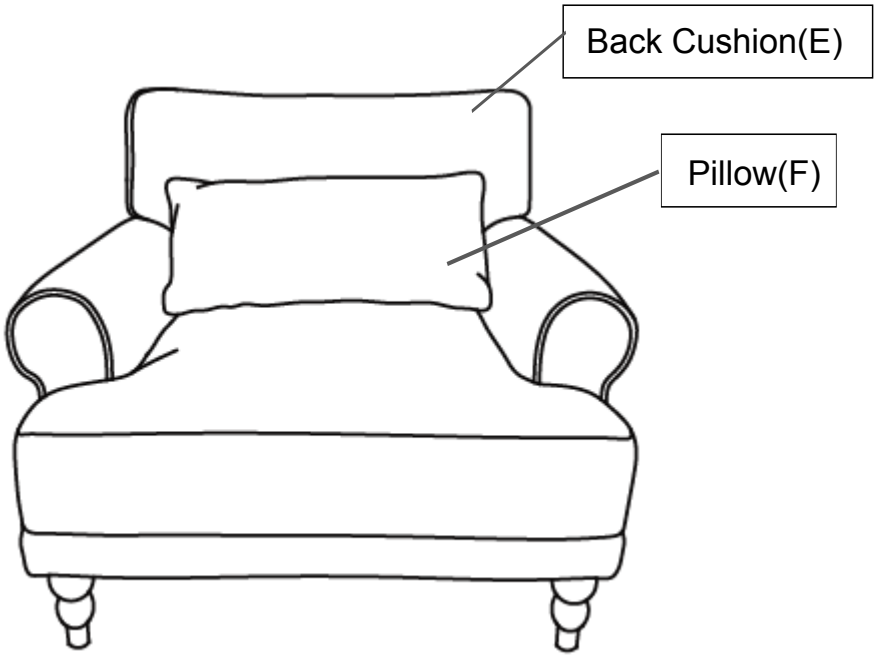

Install the Leg(G) onto the bottom of the Chair by placing one Gasket(③) on the threaded stem. Then insert the threaded stem into the threaded mounting postion at the corner of the Chair. Tighten by turning the Leg clockwise.

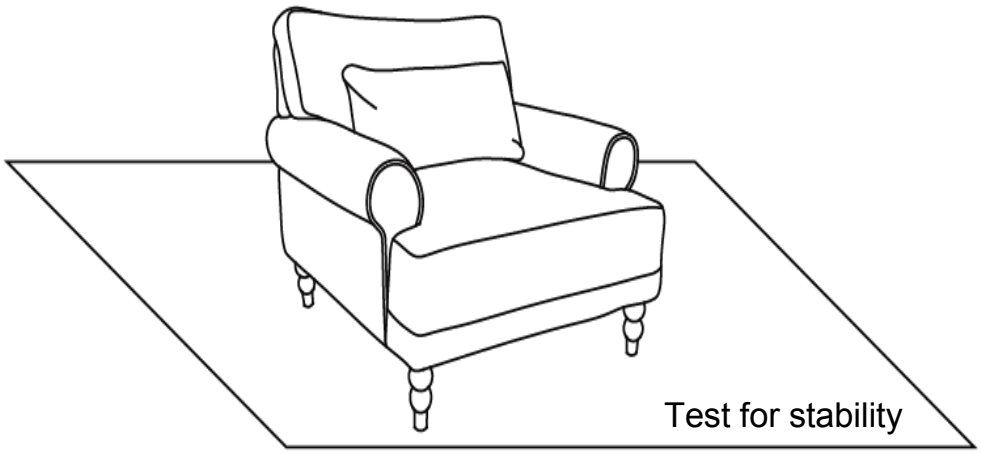

Repeat the same step to install the remaining Legs.

Note: The use of Gaskets are OPTIONAL and are especially useful to help alleviate slight wobbles.

Some Legs may need more than one whilst some legs may not need any.

Step 4

Place the Back Cushions(E) and Pillow(F) onto the Chair.
Your Chair is ready for use.
This Chair can only be used on a flat, level surface.
