

Meet Six.

Beautiful. Simple. Modern.
Elevate your daily routine with Ratio.

RATIO

Delicious coffee. Simplified.

Engineered with the brewing precision of the Ratio Eight, the Six offers the one-button convenience of its bigger sibling with a leaner form and lighter price.

CHARACTERISTICS:

- Formed stainless steel metal body
- Double wall stainless steel thermal carafe
- Hand-blown borosilicate glass internal supply lines
- Automated pre-wet Bloom cycle
- Stainless steel shower head for even water distribution
- 1400W heating element delivers water near 200° F / 94° C
- For use with flat bottom basket filters
- One button to start your bloom and brew process

MODEL: Six

WARRANTY: 5 years

DESIGNED IN: Portland, Oregon USA

DIMENSIONS: 13.5" deep by 6.75" wide by 14.25" tall

CAPACITY: Brews up to 40oz or 1.25 liters (eight 5oz cups)

ONE BUTTON SIMPLICITY

Simplify your coffee routine to the touch of a button. The Ratio Six's Bloom, Brew, and Ready phases run in sequence, delivering a perfect (and easy) cup of coffee every time.

DELICIOUSLY SIMULATED POUROVER

The Ratio Six simulates a skilled barista pourover process, precisely metering water flow through both the bloom and brew phases. All of the taste. None of the work.

UNDER THE HOOD

Utilizing the same die-cast aluminum heating element as the Ratio Eight, water flows evenly through the stainless steel shower head and over the grounds at the ideal extraction temperature.

DESIGNED FOR TODAY. AND TOMORROW.

We designed the Ratio Six for longevity with precision formed stainless steel, borosilicate glass, and high end BPA-free copolymers. Every inch is built to last and covered by a 5-year warranty.
