Highlands Skye Upholstered Arm Chair Highlands Skye Upholstered Arm Chair

Named for the magical Scottish isle, our Skye Upholstered dining chairs bring the Highlands Collection a lovely new seating option. An elegant back splat borrows its pierced details from the Charles Rennie Mackintosh–inspired Highlands Trestle Table, while the smooth upholstered seat and back offer comfort and clean style. The Arm Chair's frame features gently tapered legs and shaped arms and is available in oak or cherry, with upholstery in any fine Stickley fabric or leather.
