

Stratford Floor Clock 611132

With gorgeous features and a carefully-detailed design, the Stratford is a stunning wooden grandfather clock.

Careful Craftsmanship: This carefully crafted wooden grandfather clock features a Hampton Cherry finish on select hardwoods and veneers, heavily distressed with light and deep dents for an aged appearance.

Detailed Design: This handsome traditional grandfather clock features a distinctively stepped swan neck pediment with book-matched olive ash burl, a carved finial, rosettes, and a decorative vine and shell overlay. The brushed nickel-finished dial features corner and center ornaments and includes a silver chapter ring with applied satin black Arabic numerals. A moon arch with an astrological blue moon phase contains a special "Ambassador Collection" inscription. The brushed nickel-finished pendulum features a center disk to complement the dial.

Added Features: A high-precision triple-chime movement plays a choice of Westminster, St. Michael, or Whittington on this antique-style clock. The clock also features an automatic nighttime chime shut-off option, an illuminated dial for viewing in a darkened room, and adjustable levelers under each corner for improved stability on uneven and carpeted floors.

Customized Touch: With purchase, a free nickel Heirloom nameplate will be engraved with your name and special date. Additionally, a free Heirloom Record Document with a nickel-finished capsule is included.
