Product Description: The soaring design of the grand 96-inch Rhapsody Credenza will lift your spirits and elevate the atmosphere. Romantic scroll motifs around the apron, column motifs on the case front and a rope-twist carving around the base give a classical pedigree to the piece. The walnut-colored finish inspired by the rustic nature of reclaimed woods in beautiful patinas makes the credenza fresh for today's relaxed interiors. The multi-functional credenza has three drawers and a drop-front center drawer and four doors with one adjustable wood shelf behind each and one adjustable shelf behind the center doors.

Collection Features: The groundbreaking Rhapsody Collection brings together classic design elements, grand scale, and a relaxed rustic finish to create an impassioned marriage of casual opulence. Exuberant scale and serpentine shapes infuse the pieces with emotion, while timeless motifs like scrolls, rope twist molding, the acanthus leaf and fleur de lis anchor Rhapsody in old world charm. Building on the grand scale and classic European design is the defining element of the collection: a walnut-colored finish inspired by the natural yet rustic nature of reclaimed woods in beautiful patinas.

Status: Active

Finish: Walnut Colored Rustic Finish. Distressing includes scraping lines, sloping lines, rasping and worm holes.

Features: Three drawers

Drop-front center drawer

Four doors with one adjustable wood shelf behind each side door and one adjustable shelf behind the center doors

Material: Pecan, Hickory, Ash, Black Walnut and Maple Veneers with Resin

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
