 Product Overview

Full cabinet design with double doors and adjustable shelves, combines concealed storage with a flat work surface.

 Safety Precautions

This product may contain sharp metal corners and edges. To prevent injury:

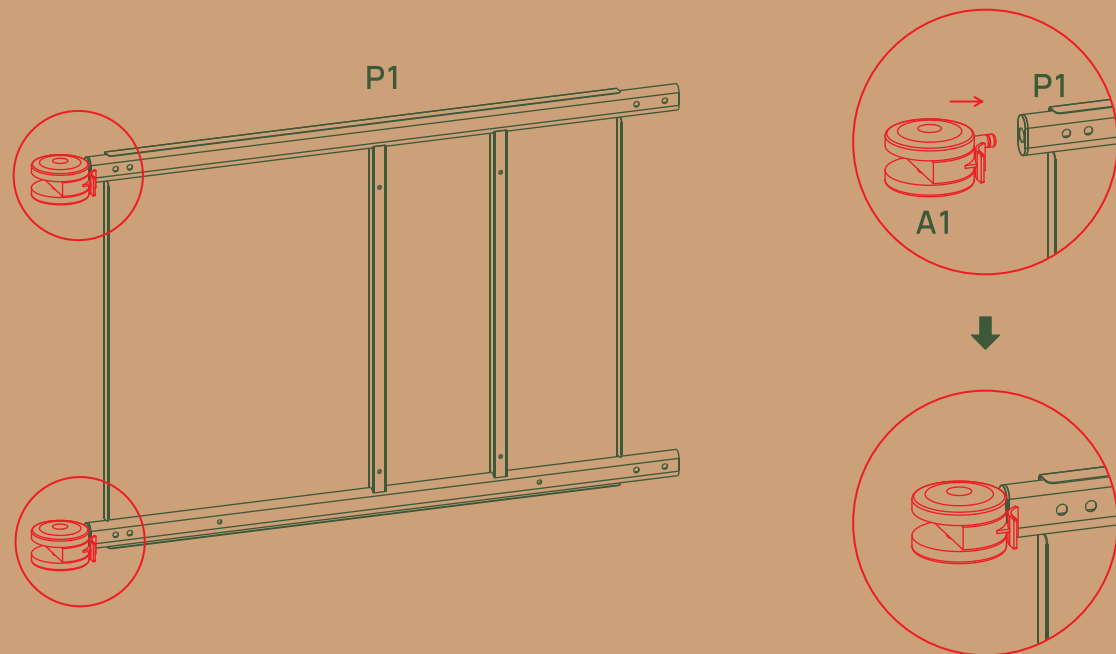

- Handle with care at all times
- Wear gloves, closed-toe shoes & long pants when handling
- Work on a stable, clean surface away from children and pets
- Follow all instructions carefully and use tools only as directed
- Do not allow children to climb, sit, or play on this product

If you are unsure about any step, pause and seek assistance.

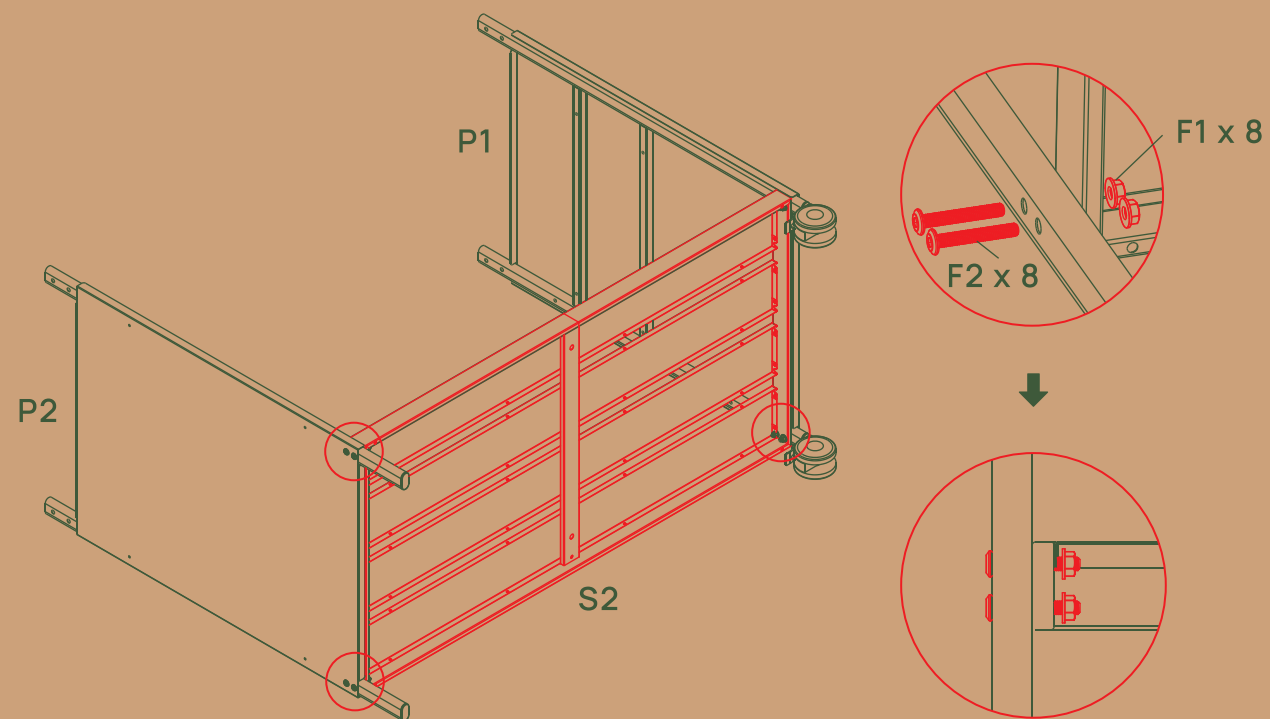

Assembly Instructions

1 Insert the two A1 into P1.

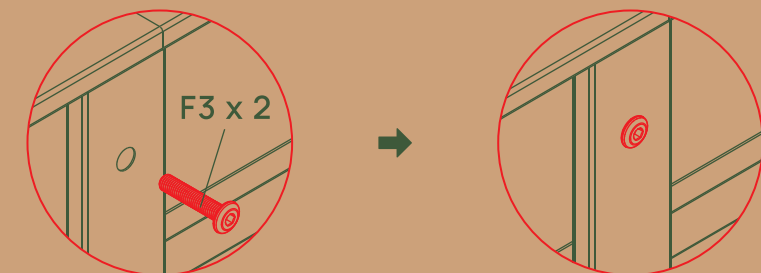

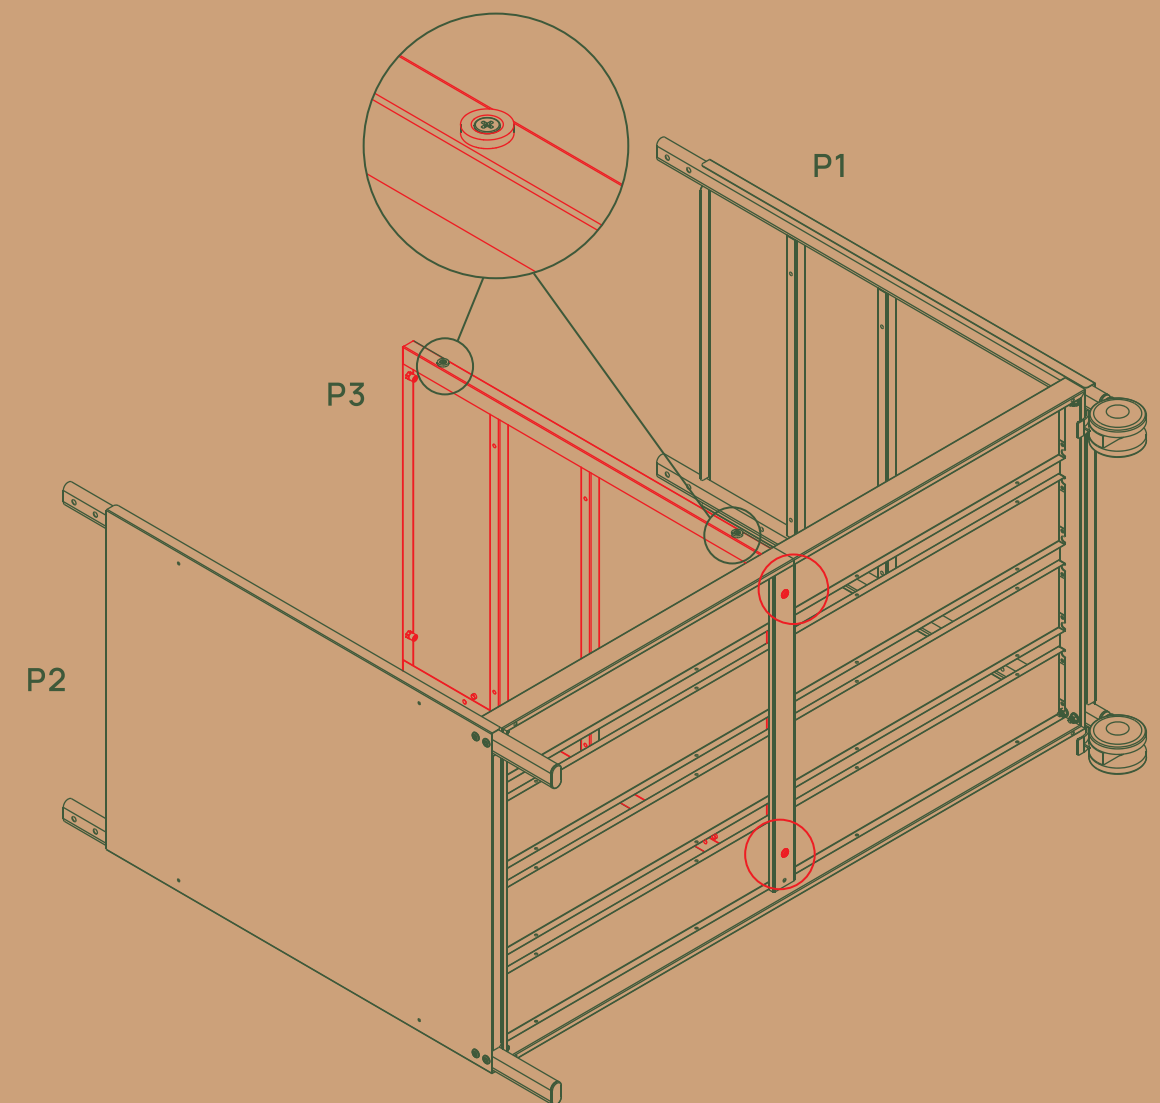

2 Secure S2 between P1 and P2 with F1 and F2.

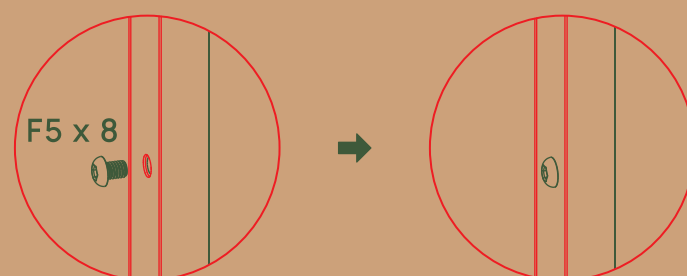

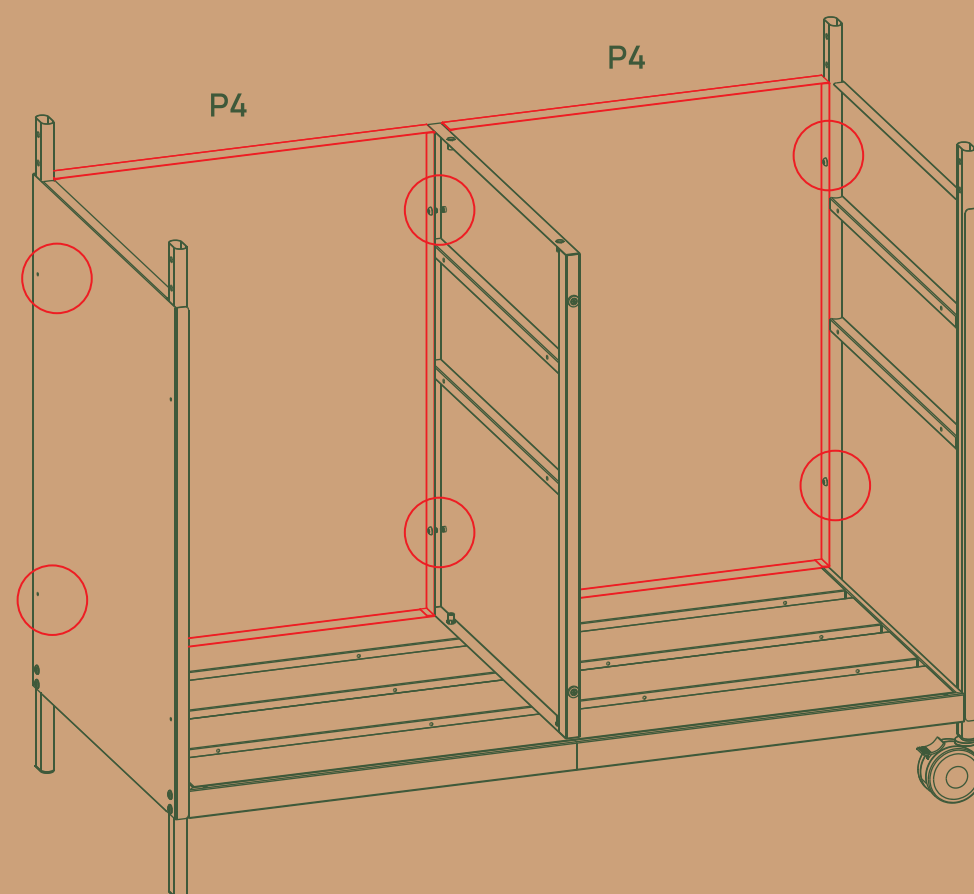

Note: Do not fully tighten F1 and F2 – keep them slightly loose for later alignment and assembly adjustments.

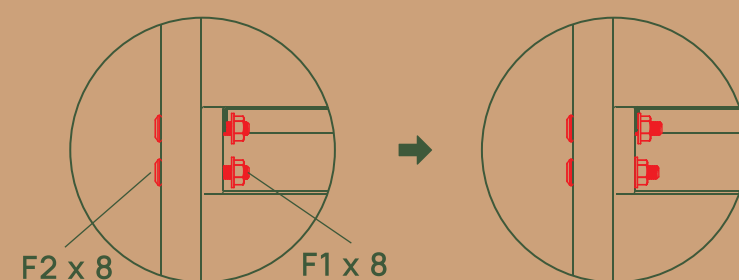

3 Please pay attention to the orientation of P3 as shown.

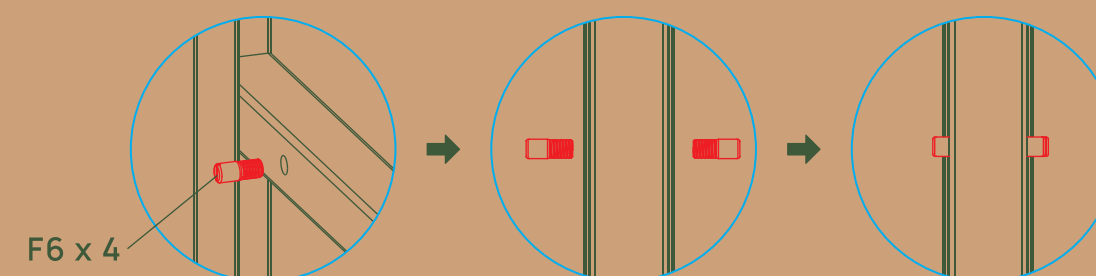

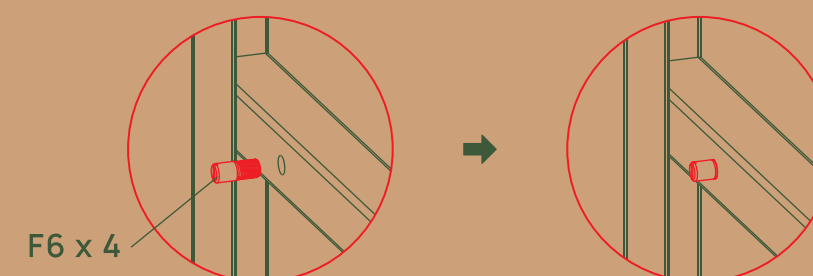

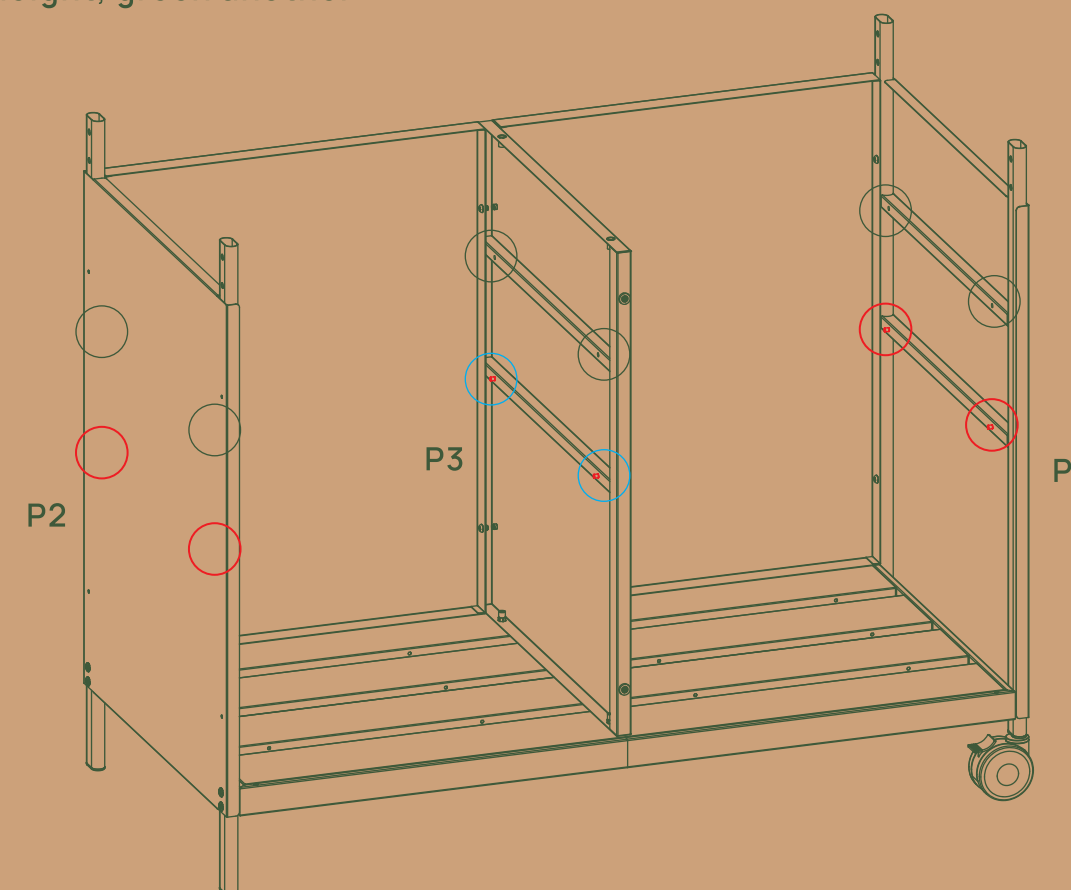

- 4** Install P4 panels onto the frame as shown, and secure them with F5.

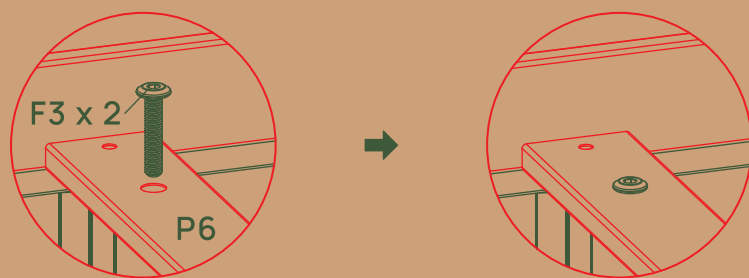

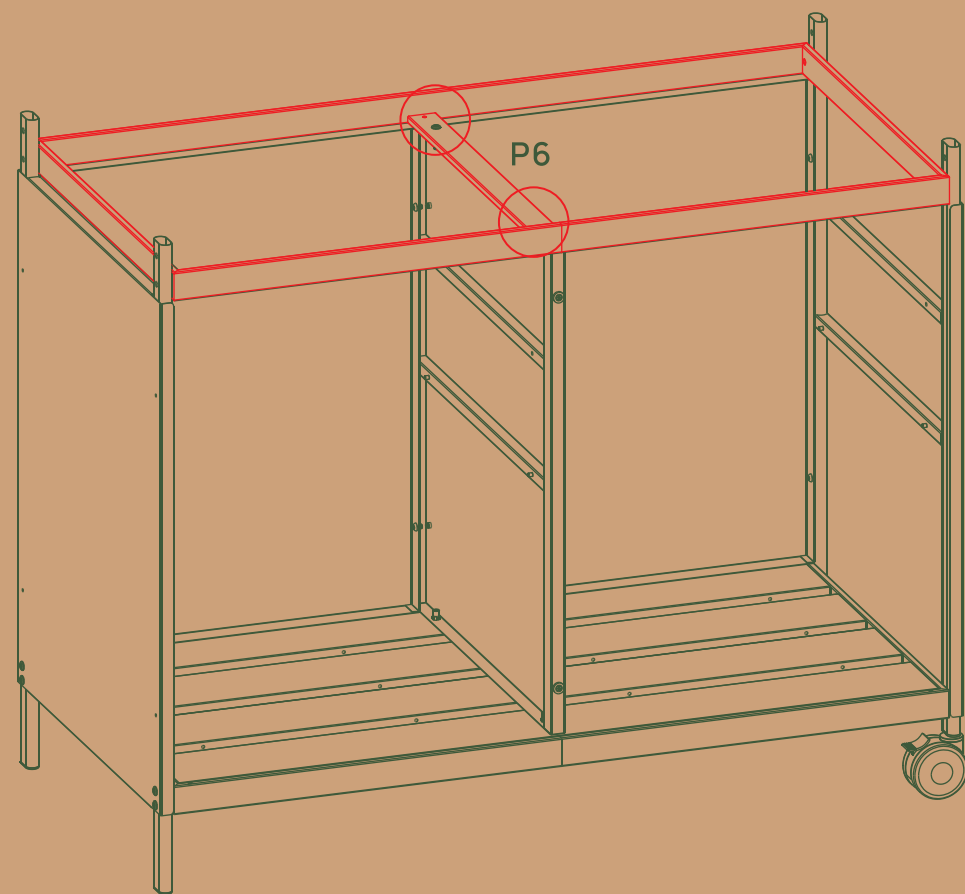

Note: Tighten F1 and F2 completely from previous step 2.

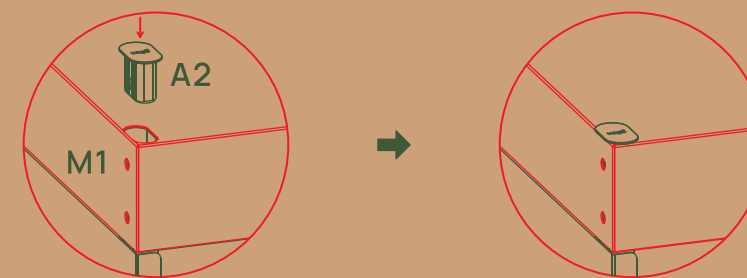

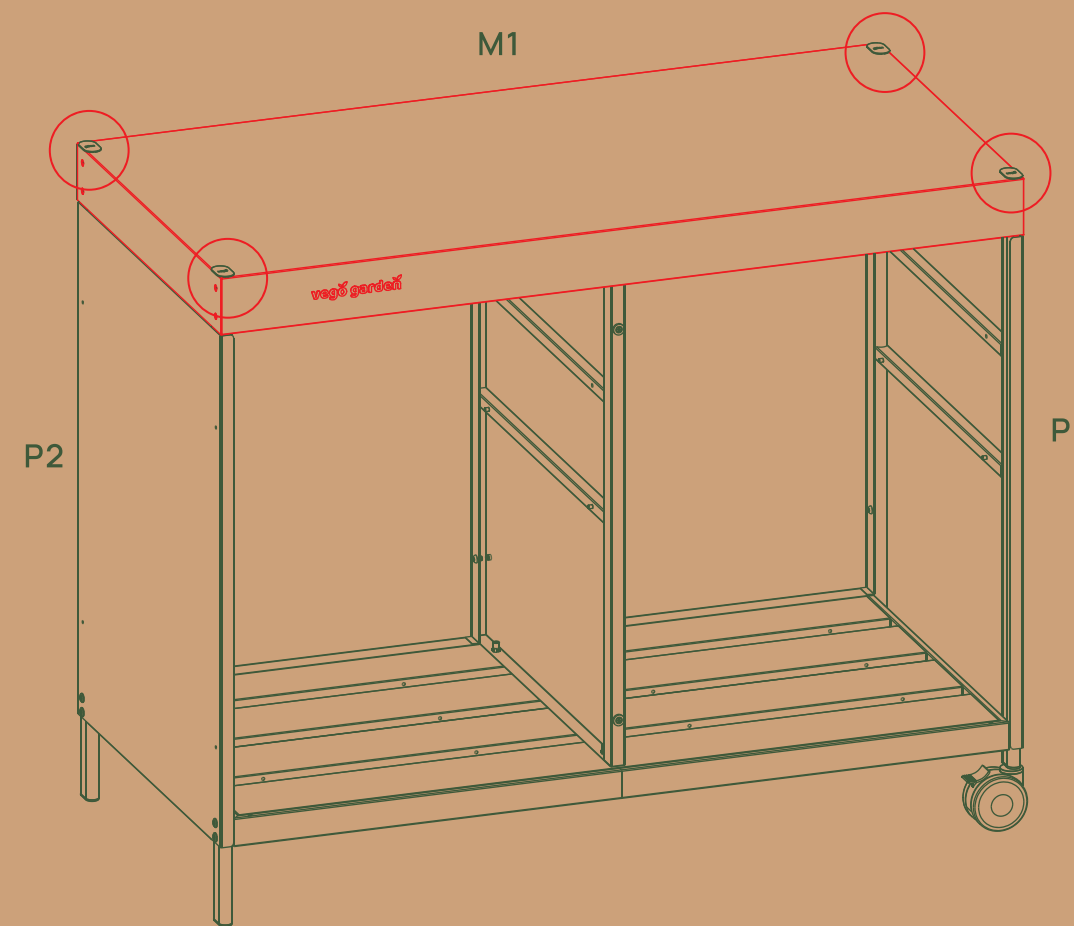

- 5** Install F6 onto P1, P2, and P3 as shown. Use F6 screws to set the shelf height. You can adjust the height by moving one side of F6 to a different level. Make sure all F6 screws are on the same level-Red/blue indicate one height, green another.

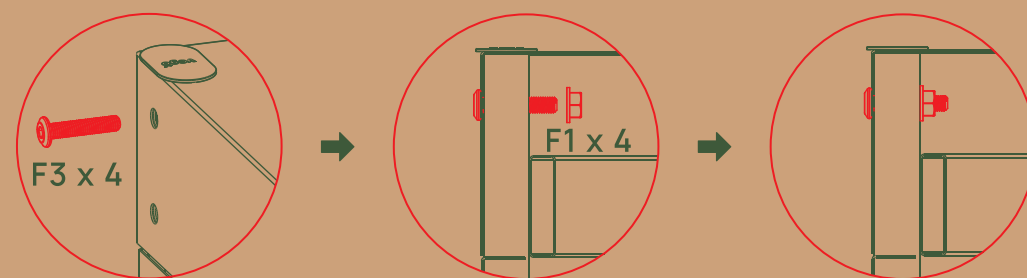

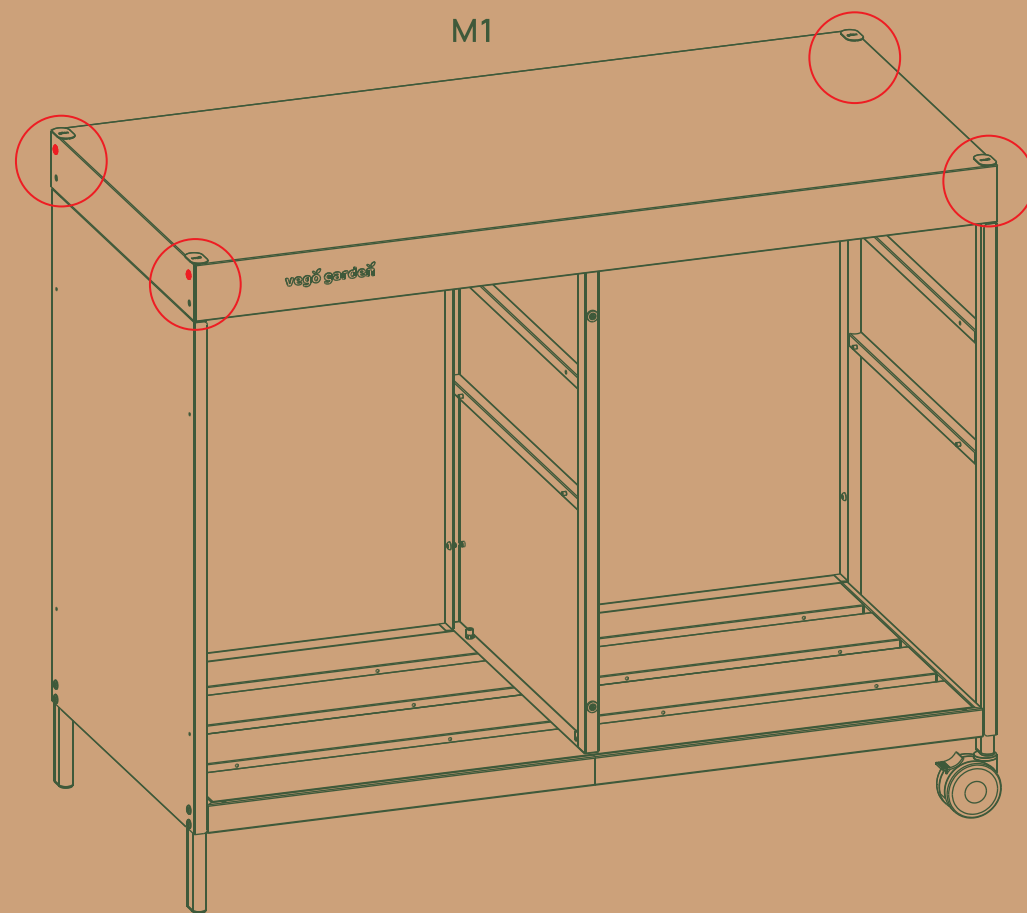

- 6 Install P6 on the top of the frame and secure it with F3.

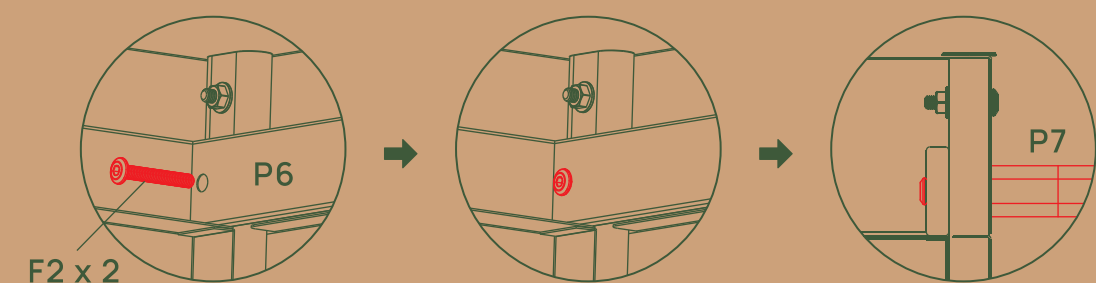

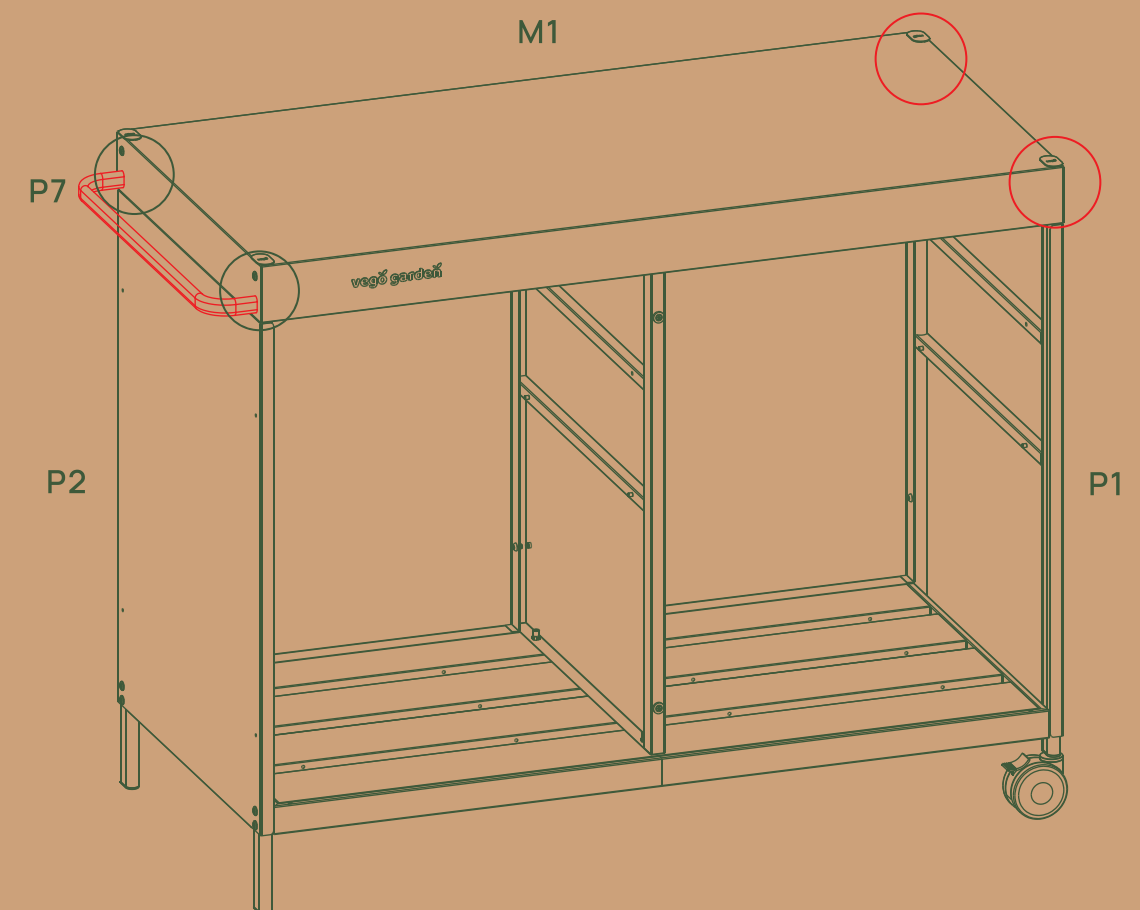

- 7 Place M1 onto the P1 and P2, then insert A2 into the openings to complete this step.

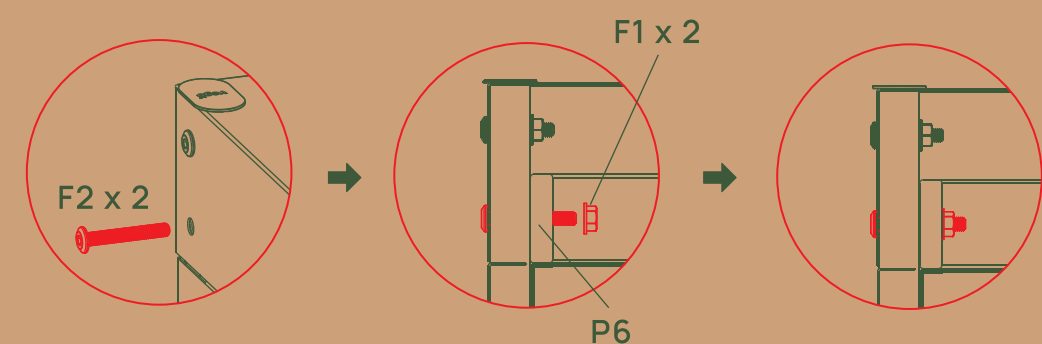

8 Use F1 and F3 to securely fasten M1 to P1 and P2. Tighten all screws firmly.

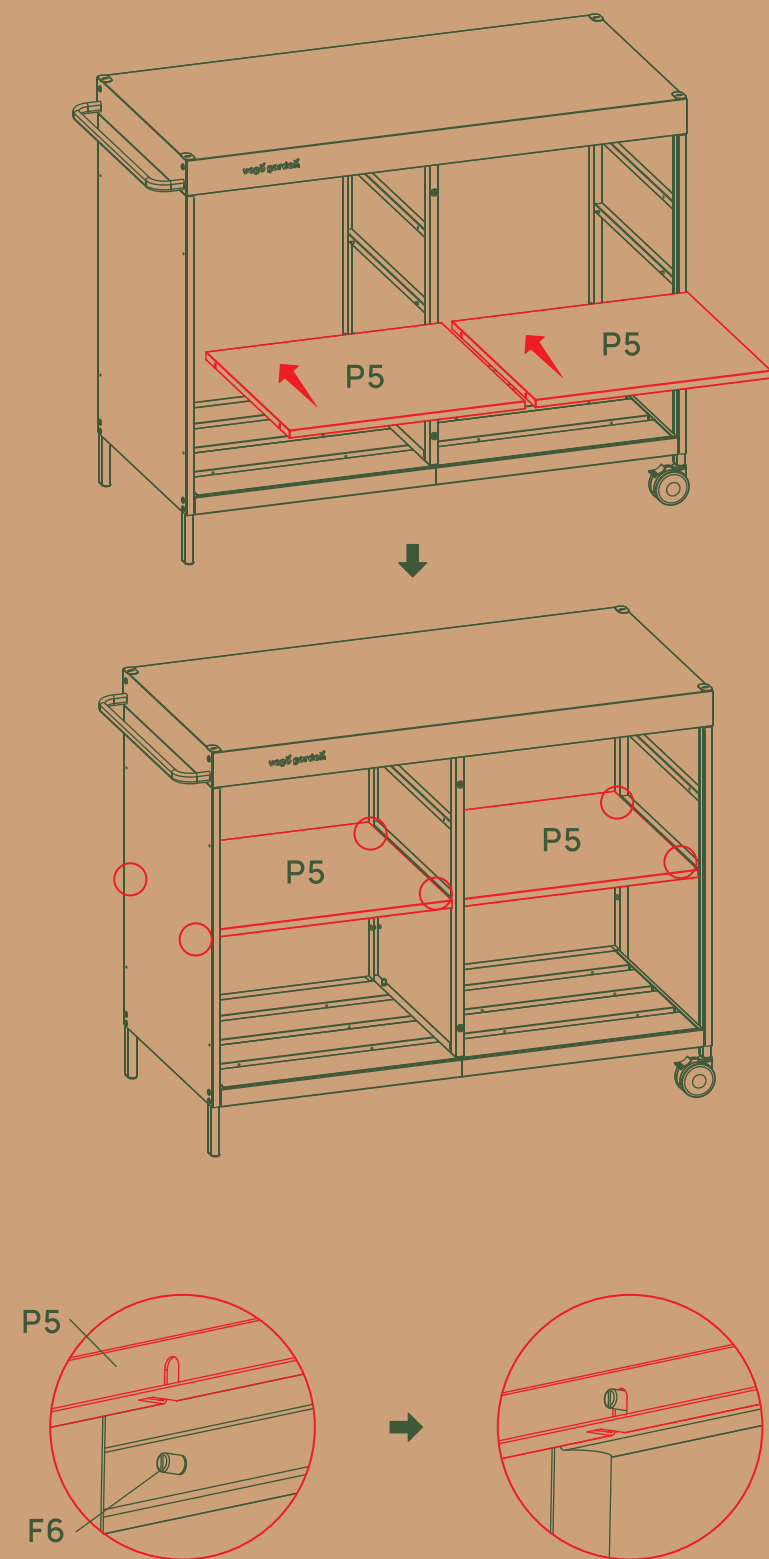

9 Use F1 and F2 to securely fasten P7 to P1 and P2.

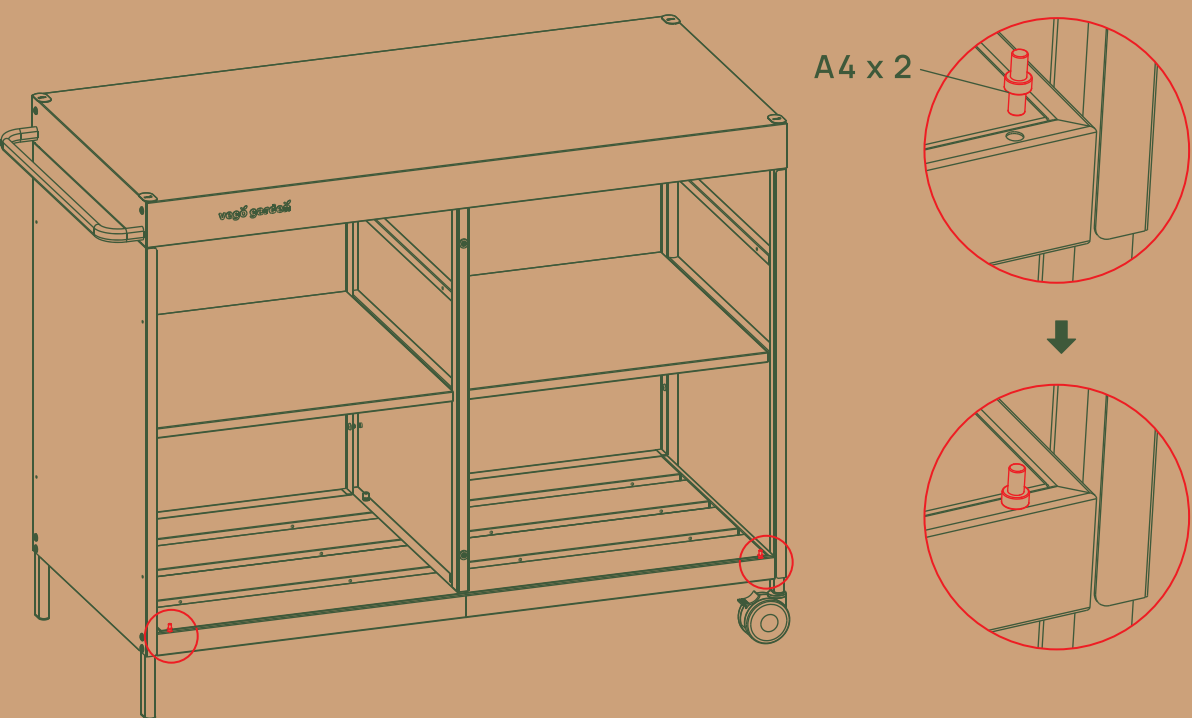

If the screw does not align smoothly with the hole, slightly adjust P6 up or down to align before tightening.

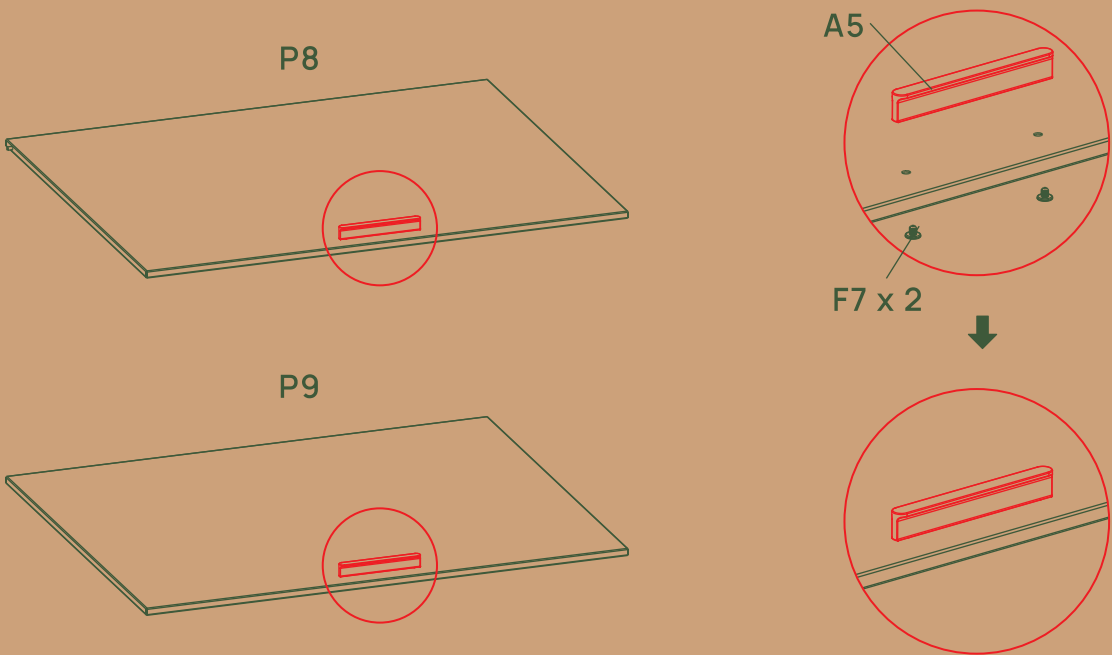

10 Slide the P5 shelves onto F6 as shown, ensuring they rest securely in place.

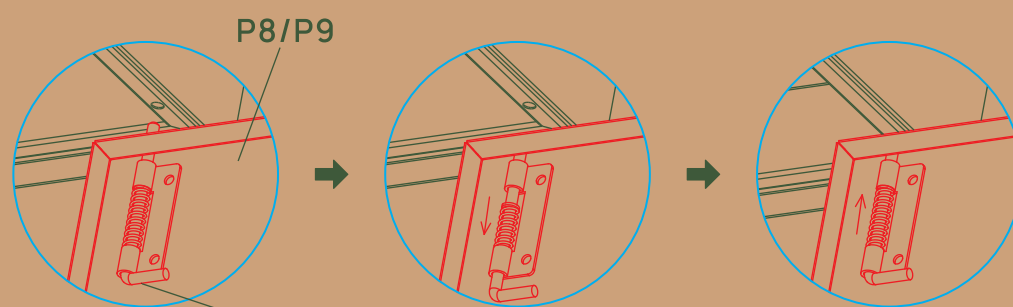

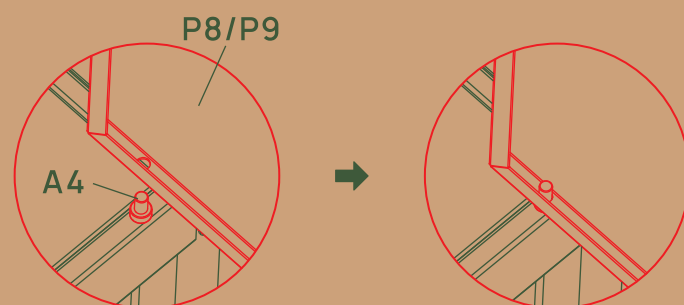

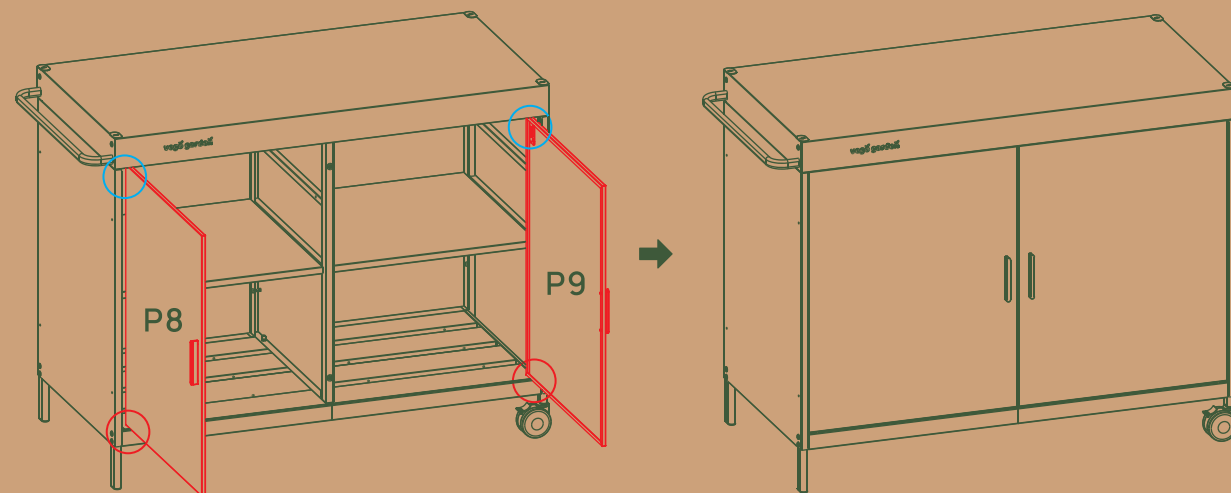

11 Insert A4 into the holes on S2 as shown, and press down firmly to secure.

12 Install A5 on the P8 and P9.

13 Install the P8 and P9 onto the A4 as shown.

Pull down the L-handle to insert the door into the hinge slots, then release it to secure the doors in place.

Care & Maintenance

Cleaning

- Wipe the worktop and cabinet surfaces with mild soap or neutral detergent.
- Avoid acidic or abrasive cleaners that may damage the coating.
- Keep cabinet doors closed when not in use to prevent dust or moisture buildup.

Surface Protection

- Powder-coated galvanized steel frame resists rust and corrosion.
- If scratches occur, apply outdoor anti-rust spray or touch-up paint promptly.

Storage

- Store under shelter or use a cover during heavy rain, snow, or freezing weather.
- Ensure the cabinet is fully dry before long-term storage.

Usage safety

Load & Stability

- Each shelf supports up to 265 lbs (120 kg) of evenly distributed weight.
- Place heavier items on lower shelves to keep balance.
- Do not overload, stand, or sit on the cabinet.
- Lock the wheels before use.

Cabinet Use

- Keep doors closed when not in use.
- Do not hang heavy items on doors or handles.
- Do not allow children to climb in or play inside.
- When moving, secure or remove items inside to prevent shifting.
