Assembly Steps

Overview

This Bar Stool has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Bar Stool parts, the above picture is provided to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Step 1

Place the Chair Back(A), the Chair Seat(B), the Left Chair Leg(C), the Right Chair Leg(D), the Front Stretcher(E), the Left Stretcher(F) and the Right Stretcher(G) onto a clean, non-marring surface.

Step 2

Attach the two slots on the Chair Seat(B) to the lower legs on the Chair Back(A), then push the Chair Seat(B) upward to align it with the mounting positions on legs.

Step 3

With assistance from a second adult, attach the Chair Seat(B) to the Chair Back(A) using Bolts(①), Spring Washers(③) and Washers(④) with the Allen Key(⑤).

Do not fully tighten the bolts.

Step 4

Place the assembled Chair Back(A) and the Chair Seat(B) downward on a clean, non-marring table. Attach the Left Chair Leg(C) to the Chair Seat(B) using Bolts(①), Spring Washers(③) and Washers(④) with the Allen Key(⑤).

Repeat the same step to attach the Right Chair Leg(D) to the Chair Seat(B).

Do not fully tighten the bolts.

Step 5

Insert the Side Stretchers(F) and the Front Stretcher(E) into the mounting positions between the legs in sequence.

Note: You may need to apply a little pressure to the Stool Legs to enable the Stretcher to be slotted into position.

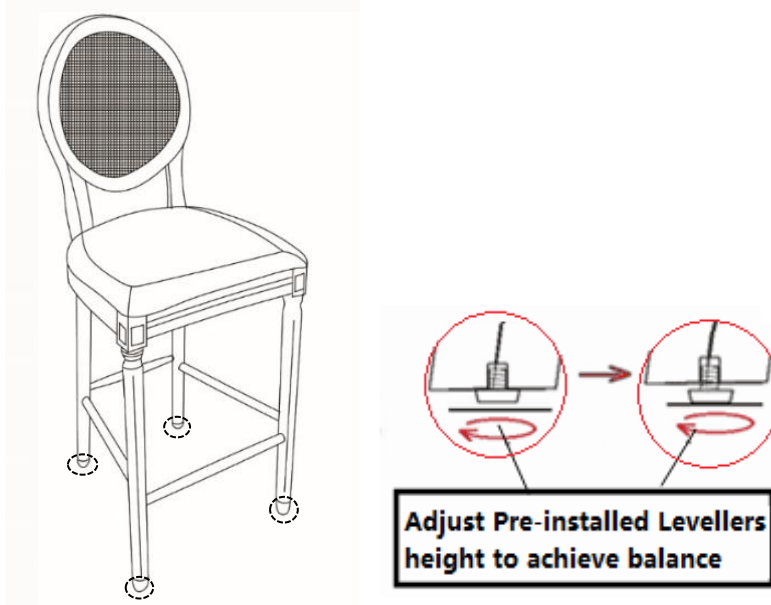

Please ensure that all the drill holes on the Stretcher are facing upwards as shown in the figure.

Step 6

Attach all the Stretchers using Screws(②) with the Screwdriver(⑥).

Step 7

Stand the Barstool up.

Check the stability and then tighten the Bolts.

DO NOT fully tighten a BOLT in one go and then move on to the next. Rather, In a sequential manner, gradually tighten each Bolt until all Bolts are evenly secured. This methodology will ensure maximum evenness once all Bolts are fully tightened. If the Barstool wobbles adjust the Pre-installed Levellers at the bottom of the Legs until the Barstool is level.

Your Barstool is ready for use.

This Barstool can only be used on a flat, level surface.
