Safety and Care Advice

Important :

Please read these instructions fully before starting assembly.

- Check you have all the components and tools listed on the following pages.
- Remove all fittings from the plastic bags and separate them into their groups.
- Keep children and animals away from the work area, as small parts could choke if swallowed.
- Make sure you have enough space to lay out the parts before starting.
- During assembly do not stand or put weight on the product, as this could cause damage.
- Assemble the item as close to its final position (in the same room) as possible.
- Assemble on a soft level surface to avoid damaging the unit or your floor.
- Parts of the assembly will be easier with 2 people.

- To reduce the likelihood of damaging your product, please ensure that your power drill is set on a low torque setting.

Care and maintenance

- Only clean using a damp cloth and mild detergent. Do not use bleach or abrasive cleaners.
- From time to time check that there are no loose screws on this unit.
- This product should not be discarded with household waste. Take to your local authority waste disposal center.

Handy Hints

- Assemble all parts and bolts loosely during assembly, only once the product is complete should you fully tighten the bolts.
- Regularly check and ensure that all bolts and fittings are tightened properly.

Warning

In order to help prevent overturning, please follow these instructions.

- Use the anti-tip strap or wall fixing method provided (if applicable).
- Do not allow children to climb or hang on the furniture.
- Do not open more than one drawer at a time.
- Do not place heavy items in the top drawers.
- Do not place heavy items on top of the furniture, unless the furniture has been designed for this purpose.
- Please note that only the anti-tip strap is provided. You will need to provide wall plugs and screws applicable for your wall type.

Step 12

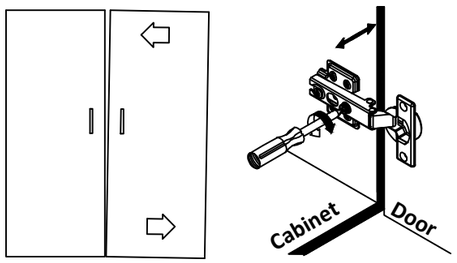

NOTE: **If you encounter a gap or difficulty closing the door after installation, Please adjust the hinge according to the following operation.**

The method is as follows:

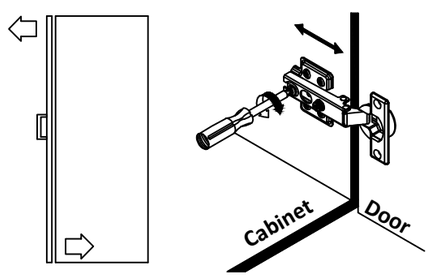

[How to adjust vertical height of the door]

- First remove the 2 screws "A+"on the hinge.
- Then loosen the 2 screws "A"on the hinge so that it can be adjusted up or down a few millimeters.
- Then tighten "A" and reinstall "A+".

[How to adjust the level of the door]

- Turn screw "C" on hinge to adjust the level of the door.

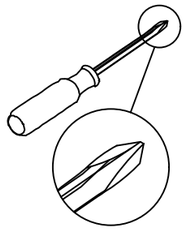

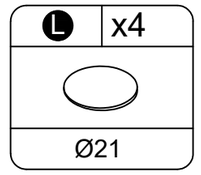

[How to adjust depth of the door]

- Loosen screw "B" and adjust the depth of the door.
- If screw "B" is loose, the depth of the door still cannot be adjusted. Simply loosen the screw "C" slightly to adjust the position of the door forward and backward.
- After adjusting the position, tighten screw "B" last.

Step 14

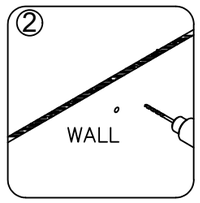

NOTE:The tipping restraint hardware included is for wooden stud wall construction. It must be attached to a wall stud. Depending upon your wall construction different anchor hardware maybe required. Please contact your local hardware store for assistance. Young children can be seriously injured by tipping furniture. You must install the tipping restraint hardware with the unit to prevent the unit from tipping, causing any accidents or damage. The tipping restraints are intended only as a deterrent and are not a substitute for proper adult supervision. The tipping restraints are not earthquake restraints. If you wish to add the extra security of earthquake restraints, they must be purchased and installed separately.

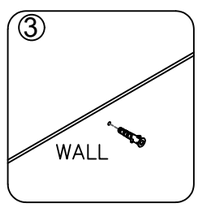

Install the tipping restraint hardware

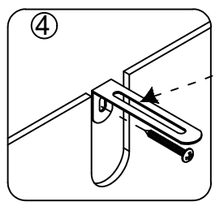

1.make mark on the wall

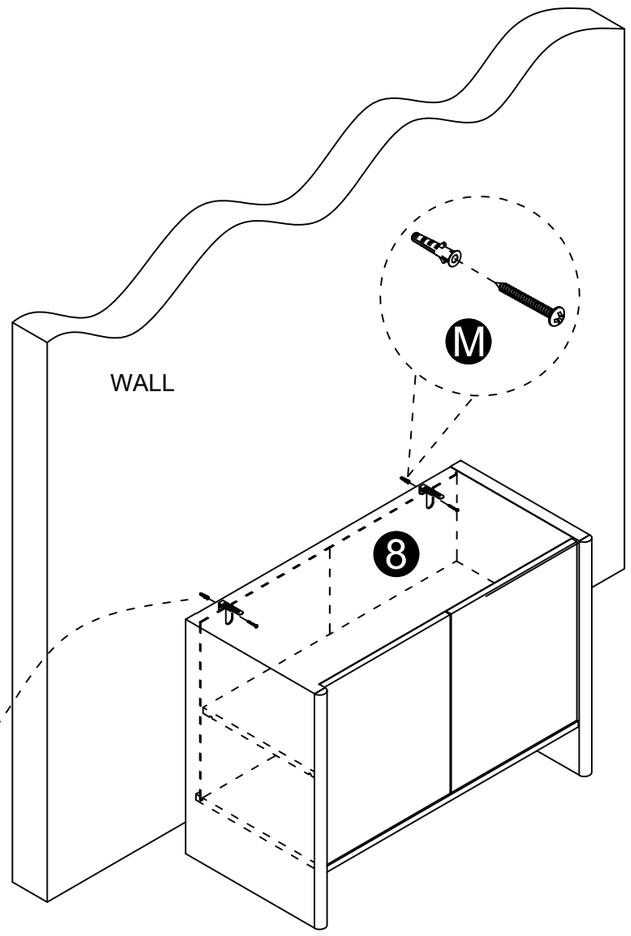

2.drill two Ø6 holes on the wall

3.put two anchors in the holes

4.fix the device on the wall by the long screws
