Troubleshooting

1. App can not discover the device:

- (1) Check the device is powered on. If it's WiFi device, reset it before connecting.
- (2) Check the app is newest version. Old version app can not find device of new model.
- (3) Make sure the device and phone within 6 ft distance.
- (4) On 'add device' page, wait at most 10 seconds before device show up.
- (5) Make sure phone's Bluetooth is on and allow permissions required.
- (6) Power off device, kill app, then open app and power on device and try connect again.
- (7) Disable and enable phone's Bluetooth, then try connecting again.
- (8) Your phone may be incompatible with the app, try another phone. If still does not work, please contact assistant or seller support.

Information to User

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Important: Change or modifications not expressly approved by the manufacturer responsible for compliance could void the user's authority to operate the equipment.

Customer Service

If you have any questions or product issues, please contact seller via the email on the package or get the product support on the order page in your purchasing account. All messages will be replied within 24 hours.
