- Do not assemble on flooring or carpet-
- Assemble on a clean non-marring surface (packing foam)-
- Save all packaging until finished-

Assembly Steps

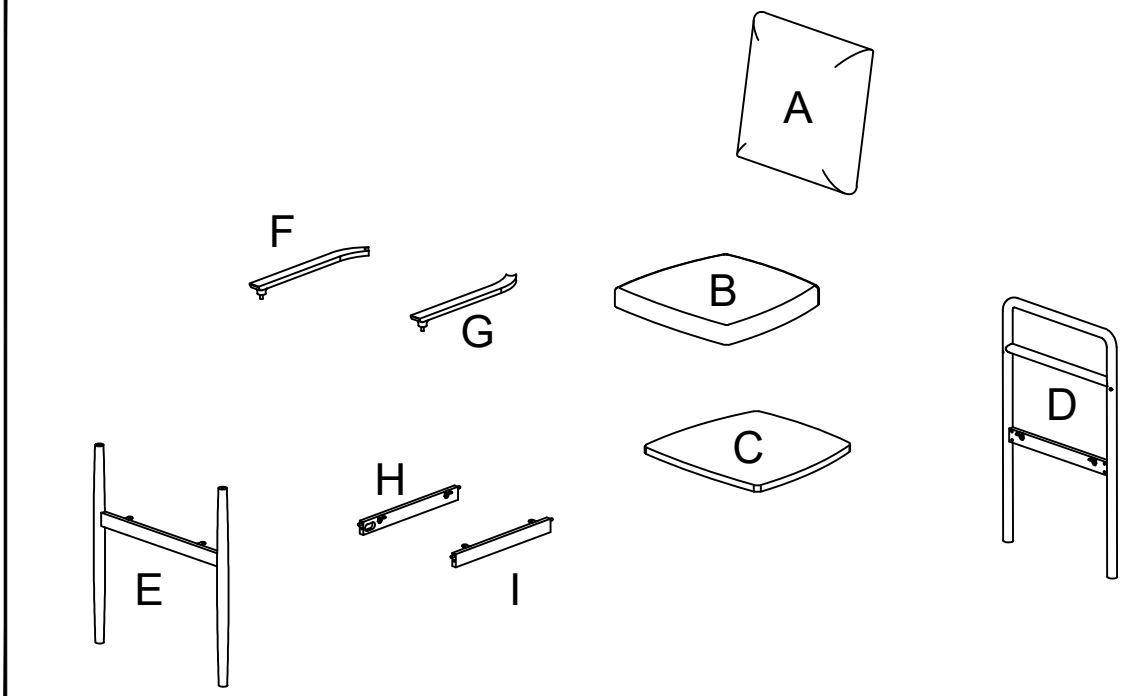

Overview

FRONT FACING

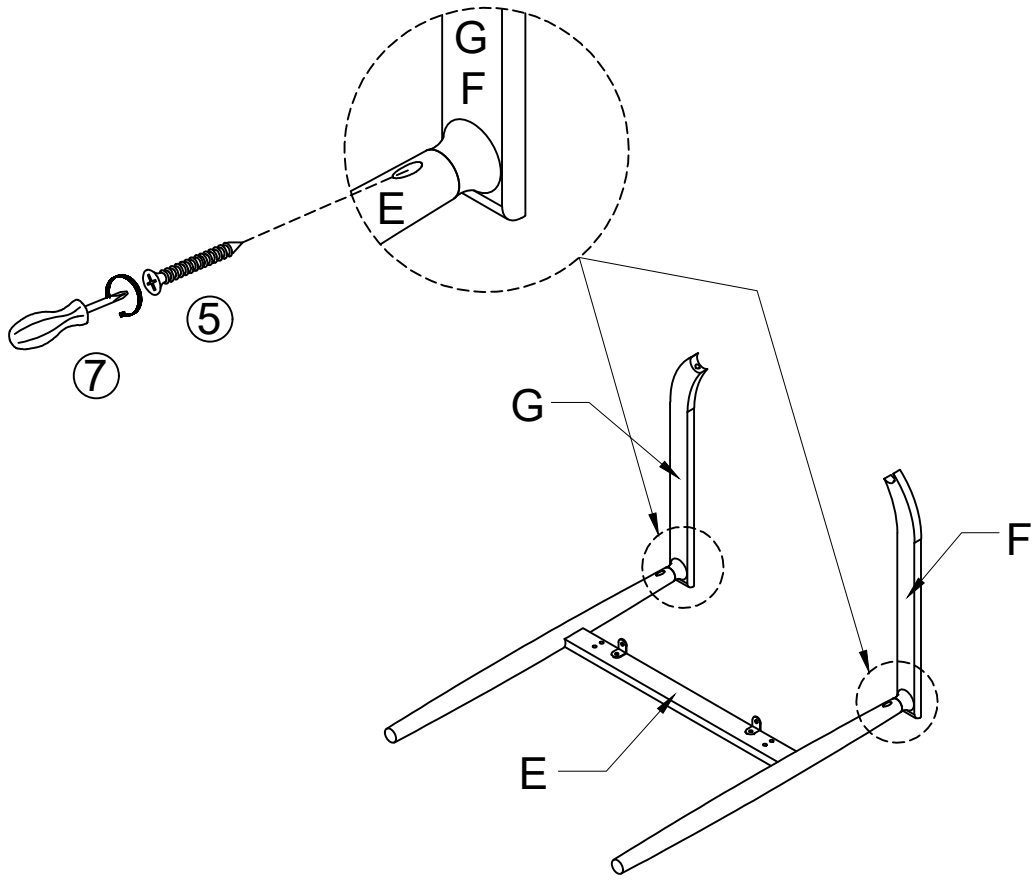

This Bar Stool has multiple parts and may require up to some 30 minutes to assemble. To give you an overview of the chair parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Step 1

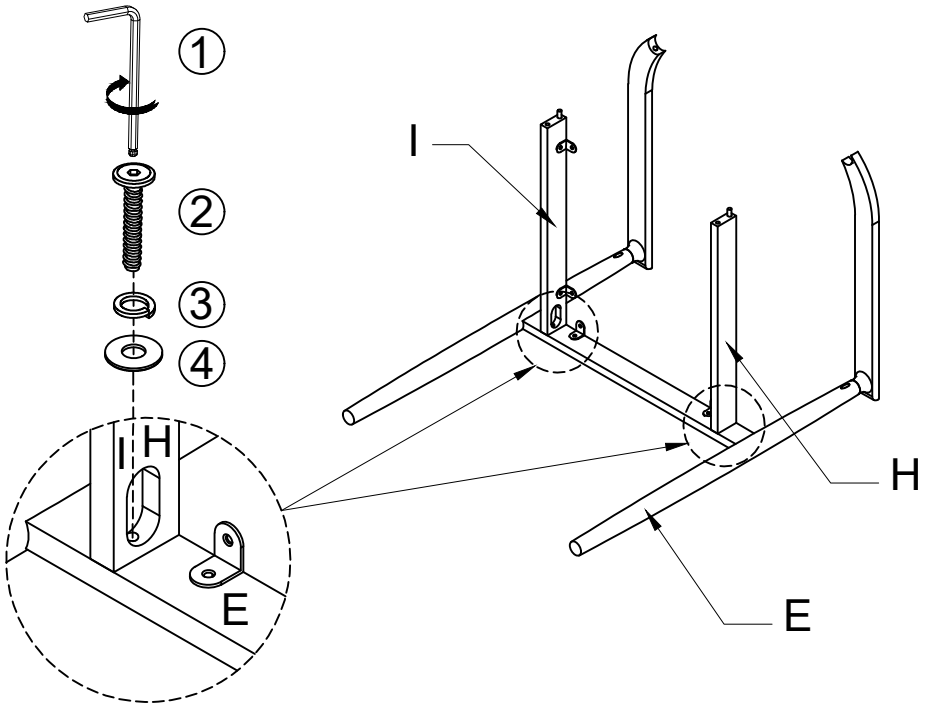

Place all Parts on a clean and flat surface.

Step 2

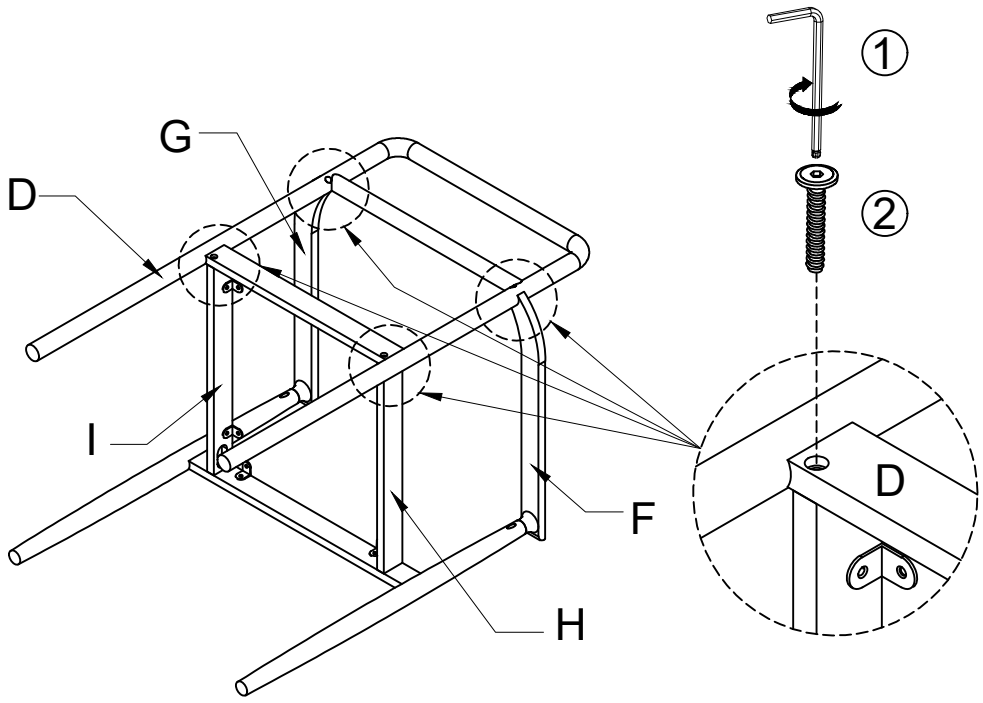

Install the Left Side Support (F) and Right Side Support (G) into the Front Frame (E) using the Screws (⑤) and Screwdriver (⑦) . Tighten the Screwdriver.

Step 3

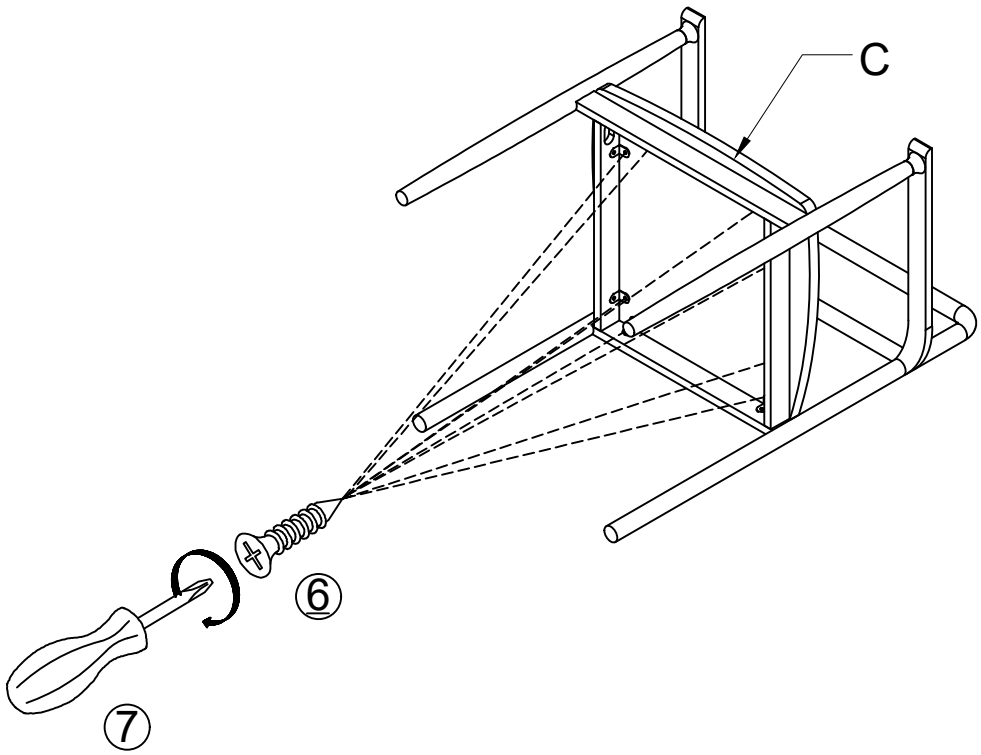

Insert the Left Seat Support Rail (H) and Right Seat Support Rail (I) into the Front Frame (E) using the Allen Wrench (①), Bolts(②) , Spring washer (③) , Flat washer (④) as pictured above.
Tighten the Bolts.

Step 4

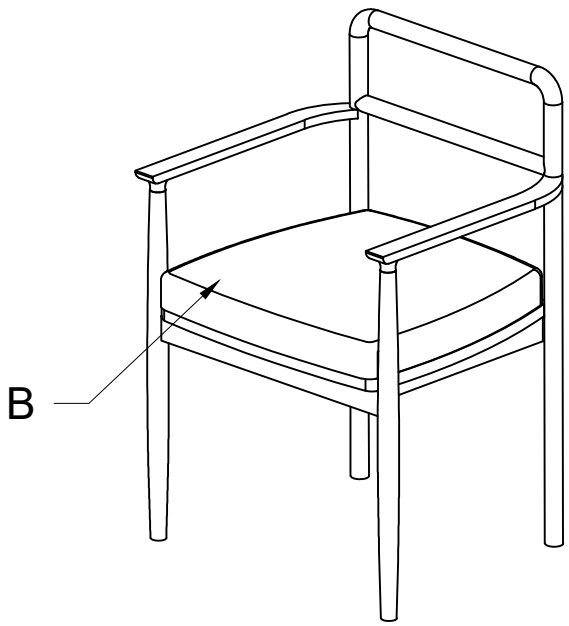

Insert the Back Frame (D) using the Allen Wrench (①), Bolts(②).
Tighten the Bolts.

Step 5

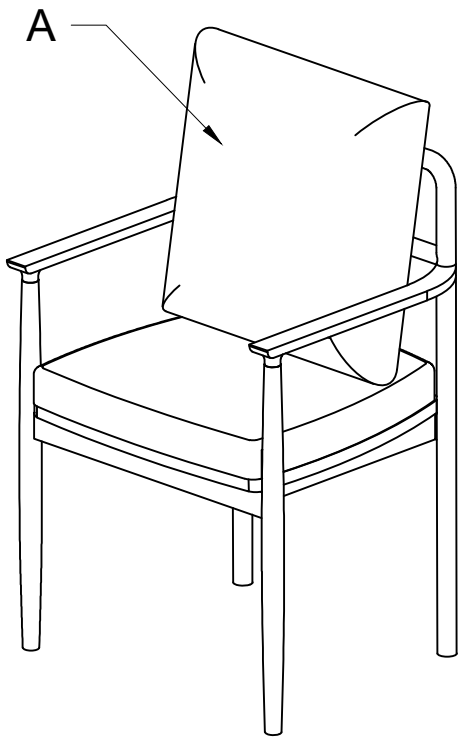

Use the Screwdriver (⑦) and Screws (⑥) to affix the Seat Panel (C). Tighten the Screwdriver .

Step 6

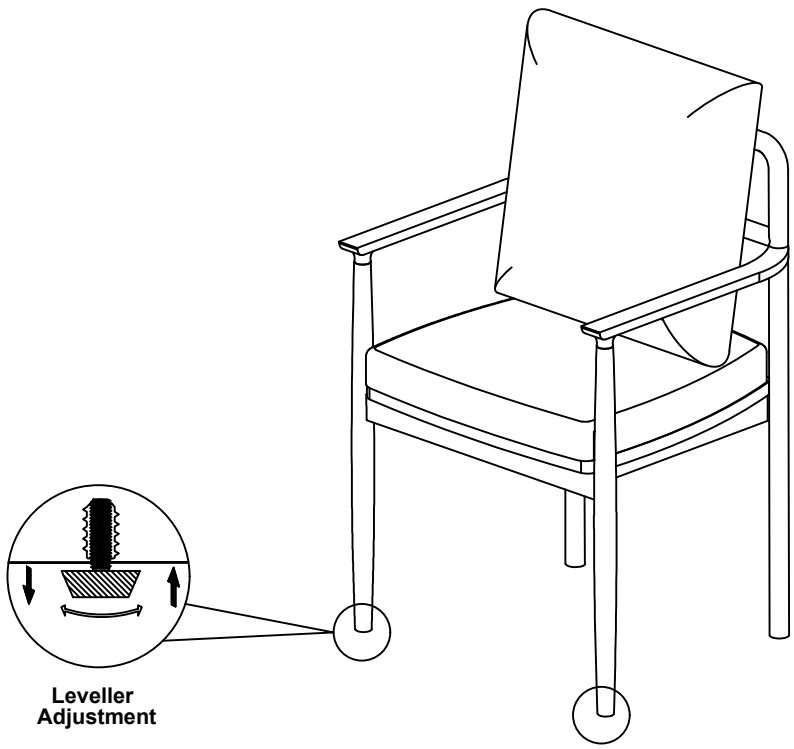

The next step is to place the Seat Cushion (B) on the Seat Panel (C).

Step 7

The next step is to place the Pillow (A) on the Seat Cushion (B) to Finish.

Step 8

Your Counter Stool is ready for use.
This Counter Stool can only be used on a flat, level surface.

Questions & Answers about Proposition 65

- What is Proposition 65?

Proposition 65 requires businesses to provide warnings to Californians about significant exposures to chemicals that cause cancer, birth defects or other reproductive harm. These chemicals can be in the products that Californians purchase, in their homes or workplaces, or that are released into the environment. By requiring that this information be provided, Proposition 65 enables Californians to make informed decisions about their exposures to these chemicals.

Proposition 65 also prohibits California businesses from knowingly discharging significant amounts of listed chemicals into sources of drinking water.

Proposition 65 requires California to publish a list of chemicals known to cause cancer, birth defects or other reproductive harm. This list, which must be updated at least once a year, has grown to include approximately 900 chemicals since it was first published in 1987.

- What types of chemicals are on the Proposition 65 list?

The list contains a wide range of naturally occurring and synthetic chemicals that include additives or ingredients in pesticides, common household products, food, drugs, dyes, or solvents. Listed chemicals may also be used in manufacturing and construction, or they may be byproducts of chemical processes, such as motor vehicle exhaust.

- What does a warning mean?

If a warning is placed on a product label or posted or distributed at a workplace, a business, or in rental housing, the business issuing the warning is aware or believes that it is exposing individuals to one or more listed chemicals.

By law, a warning must be given for listed chemicals unless the exposure is low enough to pose no significant risk of cancer or is significantly below levels observed to cause birth defects or other reproductive harm.

- Where can I get more information on Proposition 65?

If you have specific questions on the administration or implementation of Proposition 65, you can contact OEHHA's Proposition 65 program at P65.Questions@oehha.ca.gov, or by phone at (916) 445-6900.
