Step:10

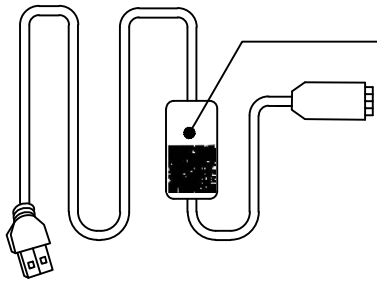

Additional instructions of LED light bar

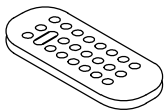

**1PC
Power cord**

**1PC
Remote control**

There is a
two-dimensional code
at the position of the
power line. Scanning
can download the APP
for the control light

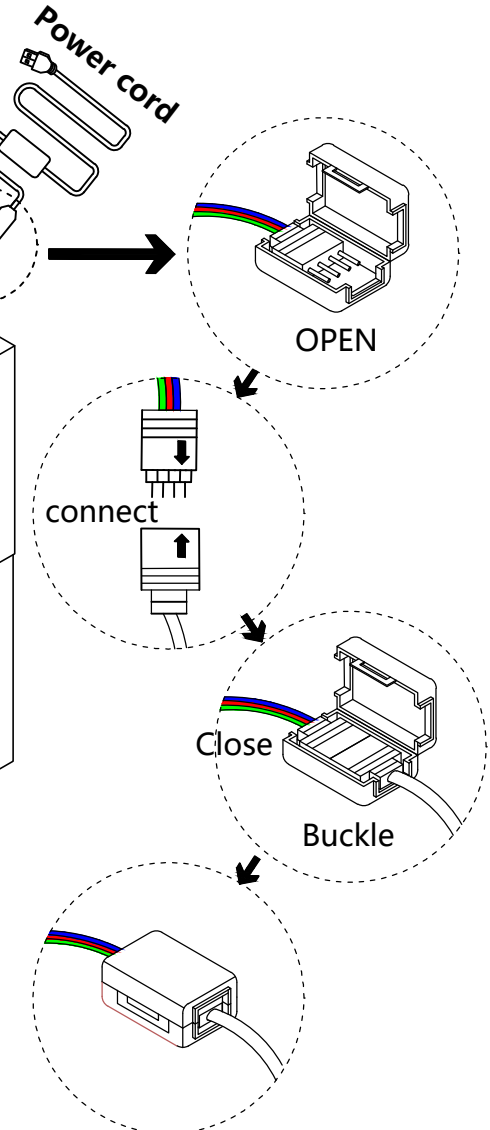

you can use
the remote
control to
control the
color

The LED lamp can only be used when it is powered on

There is a 4-pin
connector behind
this direction

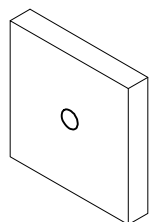

If not, please pull
him out through
the hole from the
front

Additional instructions

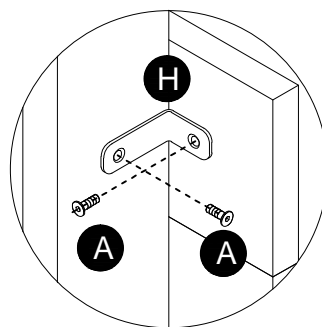

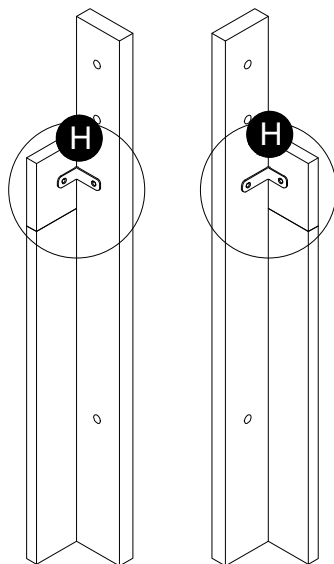

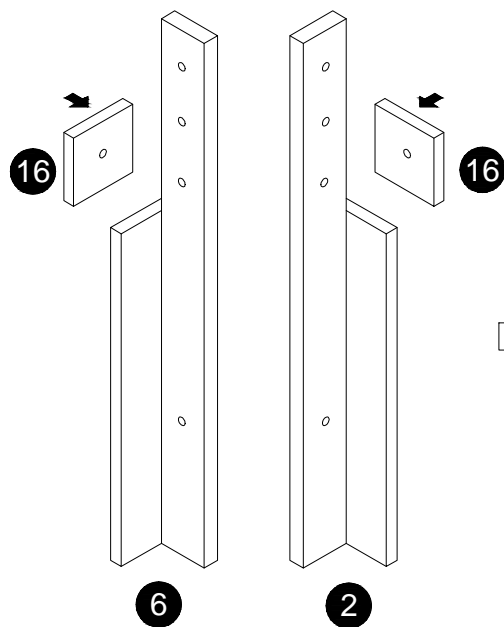

If you feel that the height of the head of the bed is not enough,
please see the instructions on this page

When you open the package, you will also see the following
accessories, which are used to raise the
height of the head of the bed during the assembly process

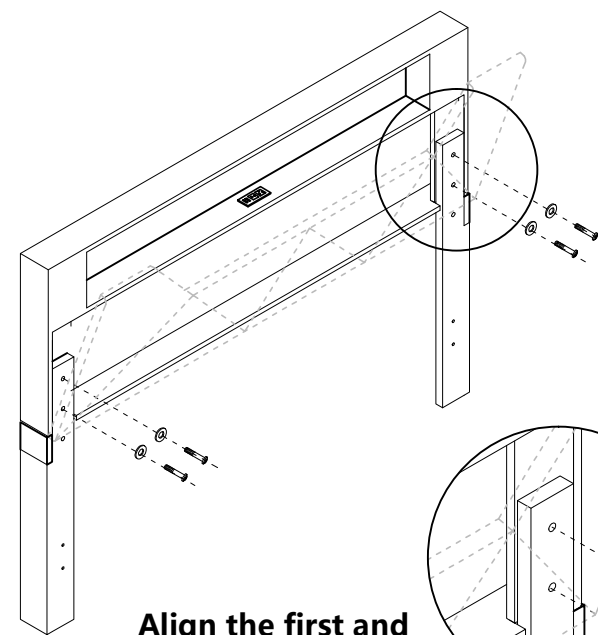

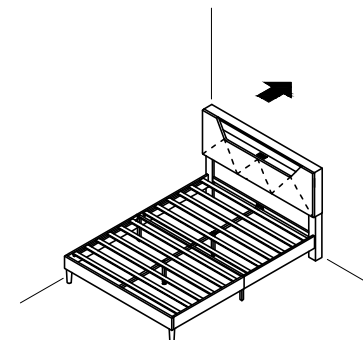

Wooden block

16 2PCS

After assembling
according to this
page, the head of
the bed should
be placed as flat
as possible

Align the first and
second holes from
the top down
