Assembly Steps

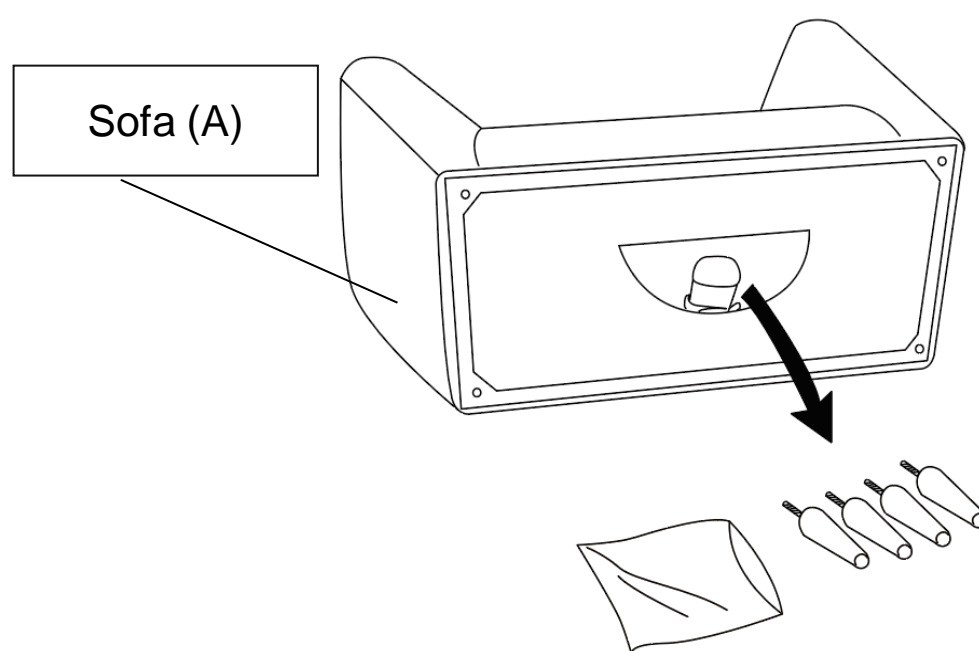

Overview

This Loveseat has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Loveseat parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Note: It is recommended that you have an adult partner to assist during the entire assembly process.

Step 1

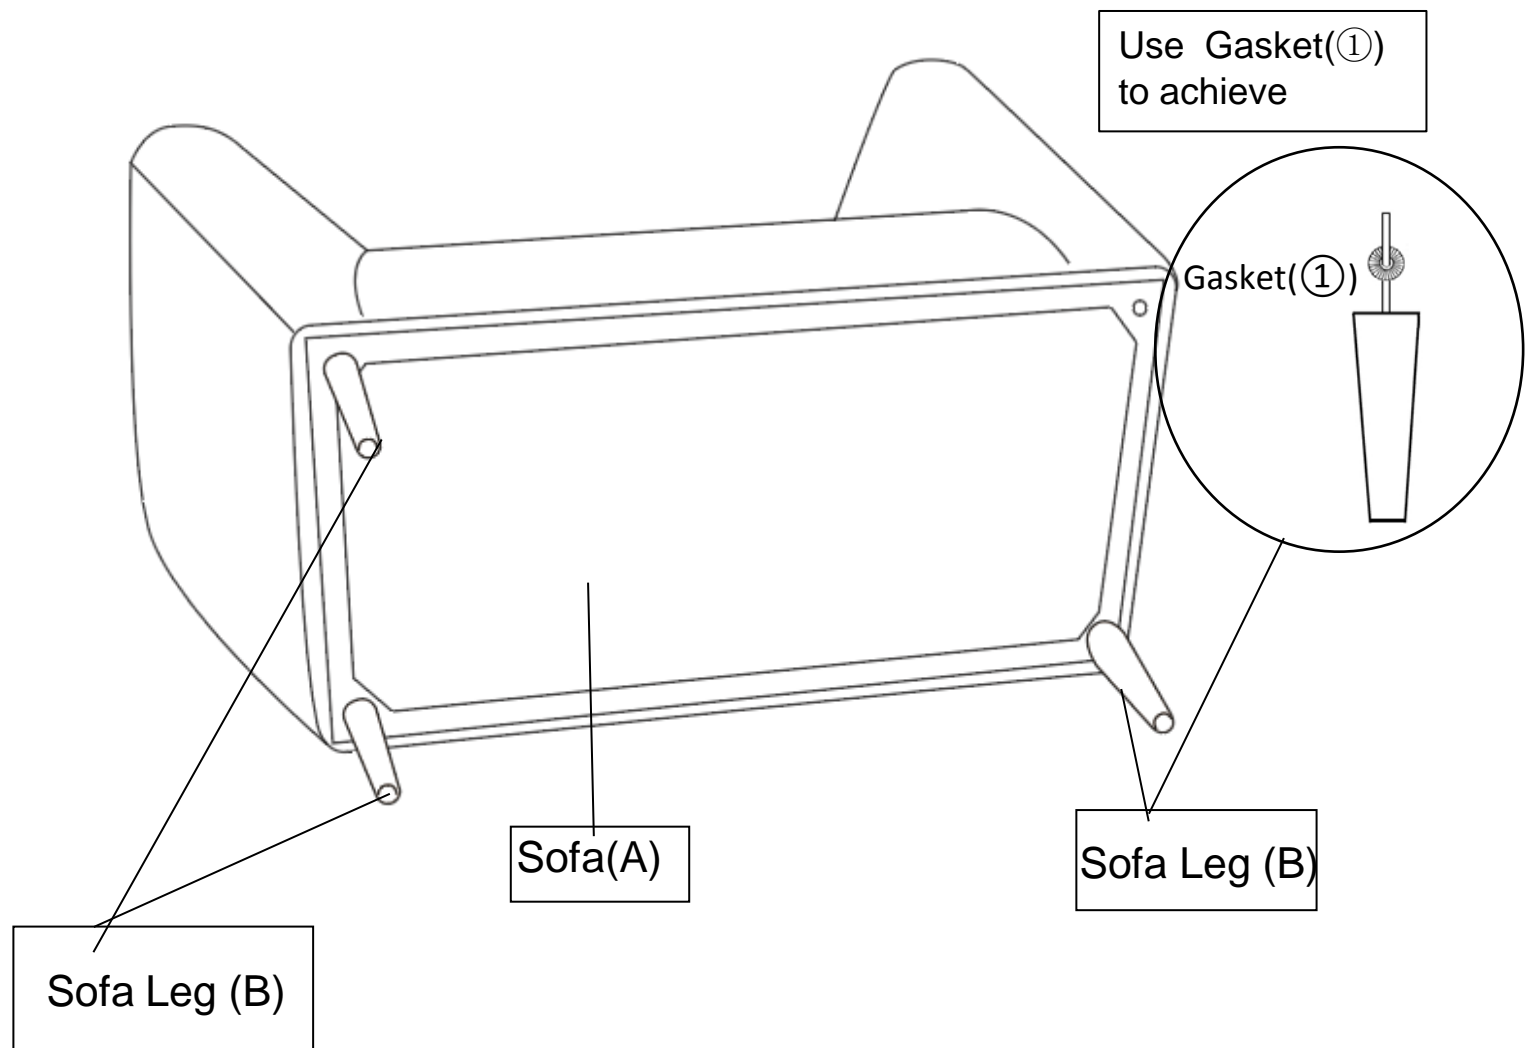

With assistance from your adult partners, position the Sofa(A) on it's back on a clean,non-marring surface, as shown.

Unzip the pouch and remove the four Legs and Hardware.

Close the pouch before assembling.

Step 2

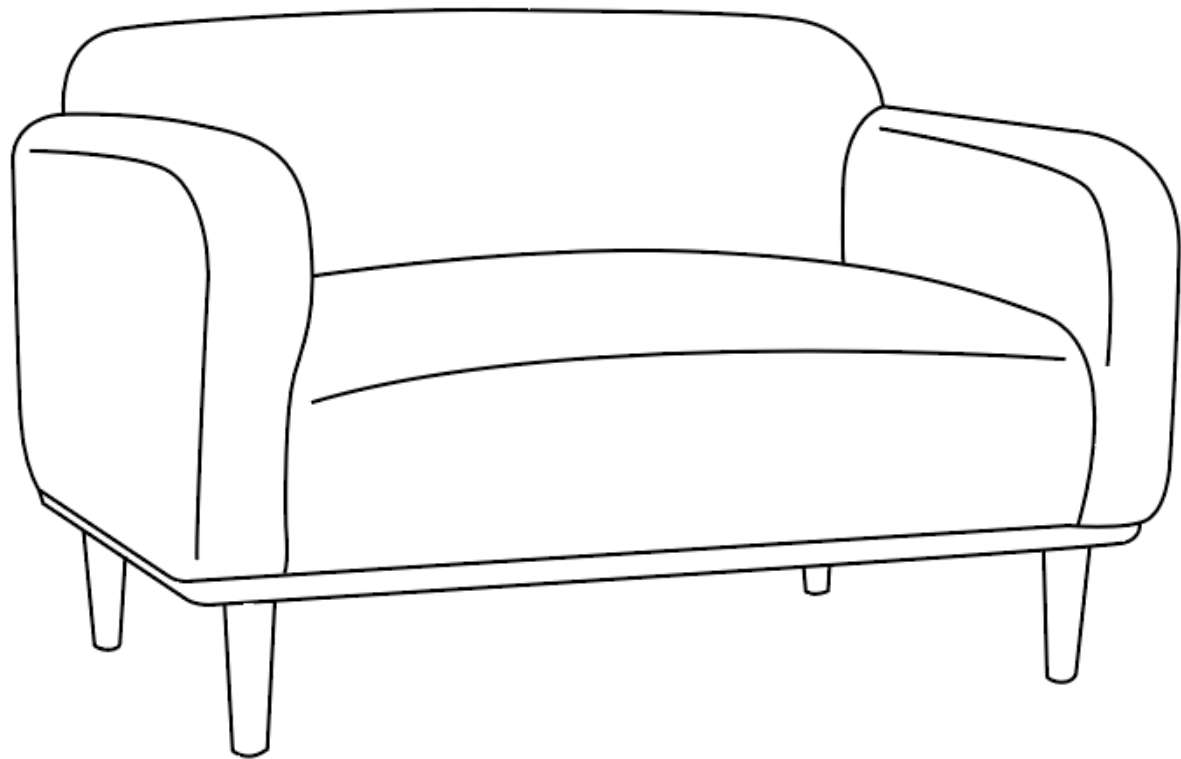

Install the Sofa Legs(B) into the bottom of the Sofa(A) by placing one Gasket(1) onto the threaded stem. Insert the threaded stem of the Leg(B) into the front mounting positions of the Sofa(A) then tighten by turning the leg clockwise until the leg is completely secure.

Repeat this process with the remaining three legs.

Note: The use of the Washer Rings is OPTIONAL and are especially useful to help alleviate slight wobbleness. Some legs may need more than one whilst some legs may not need any.

Step 3

Make sure all parts are connected and locked into position.

Your Loveseat is ready for use.

This Loveseat can only be used on a flat, level surface.
