PLASTIC STOPPERS

PART # 7

PART # 11

Install all Wooden dowels (E) to the Front Stretcher and Back Stretcher.

Fit the slat support (5)(6) to the back deck (1). Using Bolts (C)(B) tighten with allen key (I). The back deck bundle is longer than the seat bundle. Identify the correct slat supports as shown below, and fit under the slats. Do not fully tighten any of the bolts yet!

Only when all the parts are correctly in place, should you tighten all the Bolts. Finally fit the two wood buttons (F).

Assembly Instructions

BIFOLD FUTON BODY

Fit the slat support (5)(7) to the seat deck bundle(2). Using Bolts(C)(B) tighten with allen key (I). The seat deck bundle is shorter than the seat. Identify the correct slat supports as shown below, and fit under the slats. Do not fully tighten any of the bolts yet!

Match Yellow Dot to Yellow Dot. Match Green Dots to Green Dots.

Assemble the side rails (8)(9) to the seat deck, using Bolts (A) and Barrel Nuts (D). Tighten with Allen key (I).

Assembly Instructions

BIFOLD FUTON BODY

Only when all the parts are correctly in place, should you tighten all the Bolts. Finally fit the two wood buttons (F).

Using Clevis assemblies (H), Connect Seat and back deck as show
