Top Load Washer CWW3812RW

12 Wash Cycles
3.8 Cu. Ft. D.O.E.

Product Dimensions

Height	44"
Width	27"
Depth	26.5"

Other Features

Add-a-Garment

Don't worry if you left a few of your items behind. Extra time before the spin cycle starts lets you toss in any missed or forgotten items.

Heavy Duty Cycle

Bulky Items/Sheets Cycle

The Bulky Items/Sheets cycle takes care of bedding as well as those bulky winter jackets. The washer fills with enough water to wet down the load before the wash cycle begins, then uses a higher water level than other cycles.

Water Level Selection

Choose the water level you need for the cycle you want. No matter which cycle you choose, Water Level Selection lets you select Auto Fill to adjust water based on load size or the Deep Water Wash option to help break down loose soils with more water.

Signature Features

Stainless Steel Tub

This wash basket is designed with smooth spiral cut stainless steel to prevent even the most delicate fabric from snagging.

3.8 Cu. Ft. Capacity

No need to go to the laundromat to wash bulky items. Get the extra space you need with this 3.8 cu. ft. capacity washer.

360 Wash Action Spiral Agitator

Take on your toughest loads. The two-way wash action spiral agitator works with the wash basket to provide the wash action and cleaning performance to give your clothes the right clean.
