ASSEMBLY INSTRUCTION
CHAIR

The legs are stored in the bottom of the seat. Back cushion and pillow are stored on top of the seat cushion. Please take out for assembly.
Note: Do not use power tools for assembly. Power tools increase the risk of over tightening which leads to splitting or cracking the wood.

Care Instructions for Chenille Furniture:

In order to maintain the original appearance of your chenille furniture, please follow the simple care procedures below:

- Avoid exposing furniture directly to sunlight or heating and air conditioning outlets. Sunlight and/or exposure to heating and air conditioning outlets will fade/damage chenille fabric.
- Vacuum or wipe with a soft cloth to remove dust.
- Hardware may loosen over time. Periodically check to make sure all connections are tight. Re-tighten if necessary.

For items used on wooden floor, hard surfaces or carpets, it is recommended to install protective pads under all legs and supports to prevent damage/scratches and discoloration.
