**Product Description:** Just add candlelight. With clean lines and a creamy white finish accented with champagne and silver tipping, the Anastasie Dresser is refined elegance with a whisper of Hollywood glamour. As practical as it is pretty, the nine-drawer dresser has a top center drawer with a drop front and a right top drawer with a drop-in felt-lined jewelry tray. The bottom 3 drawers are cedar-lined, and the top 3 drawers are lined with gray and white designer wallpaper.

**Collection Features:** Channeling jet setting socialites from the golden age of Hollywood as its muse, Hooker Furniture is set to launch a major expansion to its popular Sanctuary collection. The bedroom, dining room, occasional and home office pieces are grouped into three unique new personas, each of which embody the influences of the iconic starlets whom left impressions of glamour, charm and class on American pop culture. From bold and dramatic to soft and romantic to a statement-making eclectic lifestyle, the three personas – Collette, Anastasie and Diamant – effortlessly bring to life a well-traveled socialite who has curated a collection of home furnishings in her metropolitan home that tell the story of her travels across the globe. Anastasie offers a softer, romantic look with its creamy white finish that is accented with champagne and silver tipping. Several historical reproduction styled pieces in a two-tone finish are intermingled throughout, giving the group a bit of a traditional European cottage style. Additional design details include table tops with intricate quatrefoil veneer patterns crafted with oak and a mix of unique walnut inlay, carved chairs with acanthus leaf and scrollwork detailing and champagne tipped eglomise.

**Drawer Construction:** Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

**Finish Construction:** Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

**Frame Construction:** Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
