

Installation instructions for garden fence

1. Firstly, check the accessories inside the packaging

2. Connect the four circular pipes of the fence together

3. Insert the fixed steel bars into the mesh in order from top to bottom

4. Fix the net onto the circular tube using fixed accessories, with three on each side

5. Install link accessories

6. Finally, install the tension rope on the diagonal line

If you encounter any problems during the installation process, please contact us and we will assist you until you are using the product normally.

Thank you for your choice. Wishing you a wonderful day.
