

Hi there! We are so glad you found us!

At wander & roam we believe time spent with family and friends is time well spent, which is why we created our vegan leather mats.

They are as pretty as they are practical.

Constructed of double sided vegan leather - it is a super soft, stylish, and easy to clean mat for all of life's adventures.

Toss in your diaper bag, beach bag, or picnic basket or use indoors as a play or activity mat.

Place under the high chair, play table, or over top of your rugs to create an easy to clean play space anywhere you need it.

See reverse for care instructions.

We are super social!

Caring for your Mat:

Shake off any loose dirt, then wipe clean with a baby wipe or damp rag and gentle cleaner.

Our vegan leather is stain-resistant but not stain-proof so avoid permanent markers/pens, acrylic paints or anything with a heavy dye.

Mineral sunscreens may stain - use with care.

Do not machine wash, iron, bleach or dry clean.

Ensure your item is completely dry before storing.

Wrinkles will release with use, to speed up the process tumble dry on medium-high heat for 3-6 minutes.

Any Questions? We would love to hear from you - send us an email at hello@wander-and-roam.com
