

Outdoor Privacy Screen

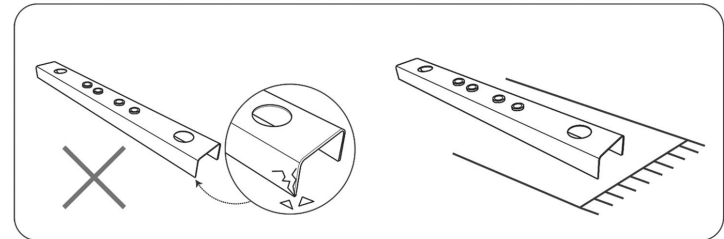

Before assembling, we recommend:

1. Wear Gloves.

2. Don't assemble the privacy screen on a Hard Surface.

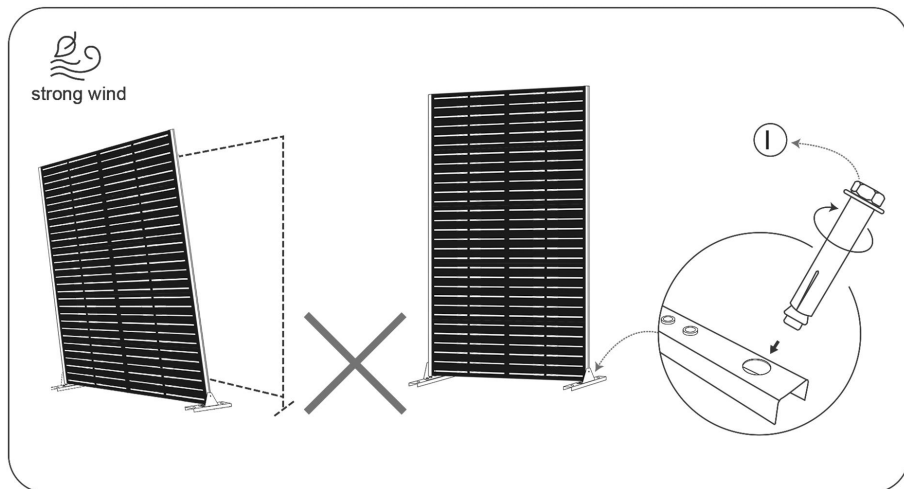

3. Ask for a Helping Hand.

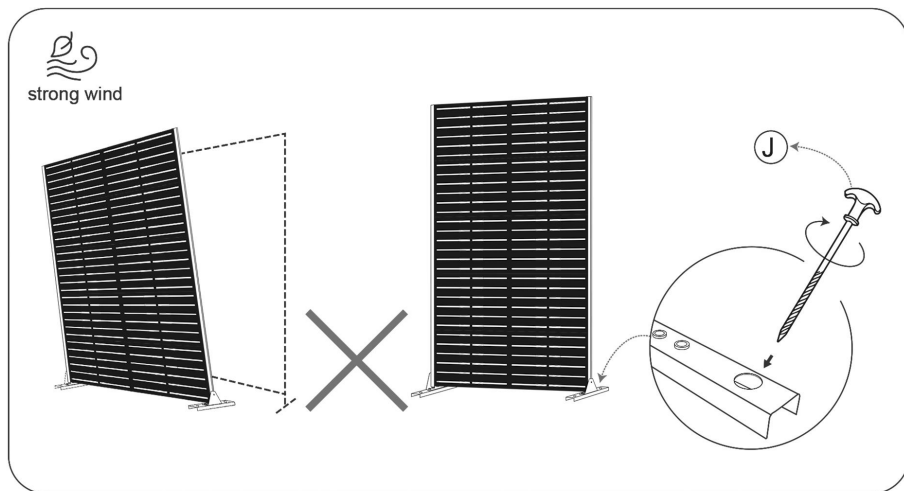

If the privacy screen will be used in a strong wind area, we highly recommend you using four Hex-Head Sleeve Anchors to fix the privacy screen on solid ground.

4. Use Hex-Head Sleeve Anchors to fix the metal privacy screen on solid ground if necessary

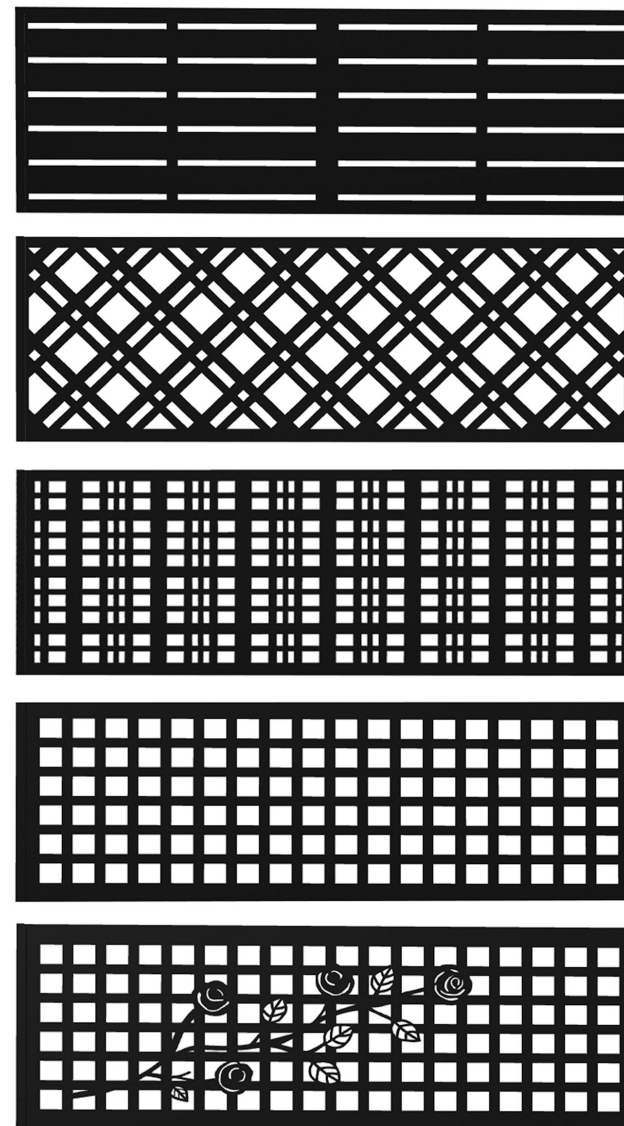

5. Use these ground pegs to secure the metal privacy screen in the soil if necessary

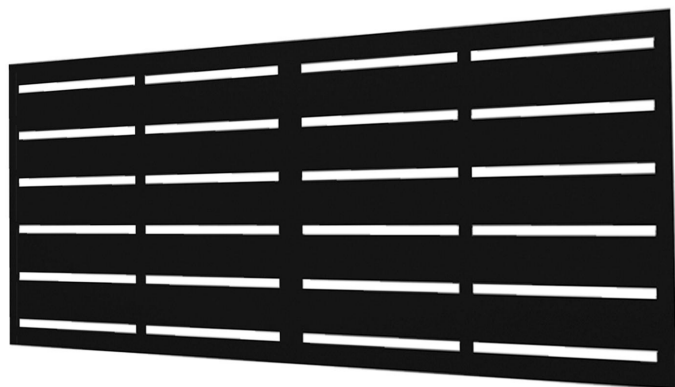

Design

We have various choices of pattern for you:
