C10966 • Monsoon Console - White

35h x 52w x 16d
Wood

The Monsoon Console in White is a striking fusion of organic inspiration and sculptural design. Featuring a softly contoured silhouette, the piece showcases a textured raffia-wrapped body in a clean white finish, contrasted by a warm antique brass base. Inside, an intricate composition of metal bamboo stalks and delicate leaves in an antique gold finish creates a layered, airy effect—bringing movement and artistry to the design.
