

## Assembly Steps

This storage bin is designed for the storage of personal items such as clothing, documents, and tools. Please follow the steps below to use this product correctly.

1. Take out the support frame that is placed on the back of the box.

2. Insert the "L-shaped" connecting accessories at the four corners.

3. Align and press the wheels into the holes on the connecting rods.

4. Lift up the surrounding panels.

5. Remove the support frame bars from the back of the box bottom in order.

6. Place the second layer and secure with the side clips.

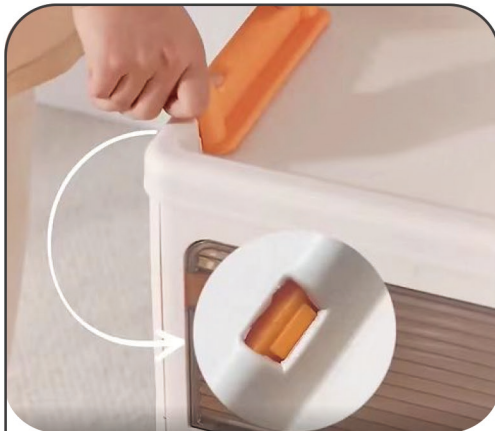

7. Repeat the above steps according to the number of layers needed.

8. Secure the second layer with the side clips.

9. Place the top cover and continue to secure with the clips.

10. Insert the top handle into the top layer.

11. Install the side basket according to the two hooks on the side.

Ensure the location where the storage cabinet will be placed is flat and stable.  
Assemble the cabinet according to the included assembly manual. If necessary, consult a professional for assistance.

## Safety Precautions

1. Please check the manual carefully and make sure you have received all the parts.
2. If you receive any damaged parts or wrong products, please feel free to contact us. We will solve your problem ASAP.
3. We only sell brand new products. If you received a returned or used product, please contact us ASAP.

## Safety Precautions

1. Do not stand, sit, or jump on this product.
2. Do not store flammable, explosive, or corrosive items.
3. Do not place heavy or excessively tall items on top of the storage bin to avoid instability or damage.
4. Do not place the storage cabinet in damp or direct sunlight to prevent damage to the materials.
5. Do not allow children to access the storage cabinet unsupervised to avoid accidents.
6. When opening and closing doors or placing items, avoid exerting excessive force to prevent damage from impact.
