Assembly Instructions for Snap On Pet Sofa

1. Install the Backrest

Align the backrest with the top of the seat and armrests assembly, then snap it into position.

2. Add the Sofa Legs

Fix the four sofa legs at the four bottom corners of the seat. Align the screw mouth and rotate clockwise until it is completely fixed.

3. Sofa cushion installation

Place the sofa cushion on the sofa and gently press it flat with your hand.

4. Final Check

Ensure all parts are properly snapped together and the sofa is stable. Now your pet can enjoy their new sofa!

A video tutorial is also available on the product webpage for further guidance.
