

Super Bright & Energy Saving: LED Corn Bulb has 355°beam angle, no flash, no flicker to protect your eyes. The high efficient led bulb with 150 lm/w can reduce about 80% electricity consume than traditional light

3 Power & 3 CCT Adjustable: Our 120w LED Corn Light Bulb offers 3 CCT 4500K neutral white (WW), 5000K daylight (NW) to 5700K cool white (CW). The led corn light bulb has 3 wattage options (100%/80%/60%) for 120W 96W 72W that can be adjusted to reduce your power consumption

ETL DLC Listed & Durable: The LED corn cob bulb meet CE ETL & DLC applicable standards. Professional LED power supply solution, quality LED chips, efficient die-casting aluminum passive cooling and double fans active cooling system, refined production all that ensure this item reliable

Easy to Install: LED Corn Light Bulb with an E39 mogul screw base, making it a super easy LED retrofit and incandescent/metal-halide replacement. In most cases, just screw in. In others, since LEDs use a driver and not a ballast, you must bypass the ballast (Halide and other bulb types)

5 Years Service: Compared with traditional light bulbs, we provide brighter lighting and wider applications. We provide 5 years service for all our LED corn cob light bulbs. If any problem or question, please contact us by email. We will reply within 24 hours

Specification:

LED Power: 120W/100W/80W TUNABLE

Color temperature: CCT TUNABLE 4500K/5000K/5700K

LED Type: 2835 SMD LEDS

Luminous Flux(lm): 18000Lm

Beam Angle: 355 degree

Input Voltage: AC 100-277V 50/60Hz

CRI: >80

PFC: >90%

Replacement: 300W to 400W Metal Halide / HPS

Warranty: 5 Years

Certificate: UL, DLC, CE, ROHS

Package Included: 1pc 120W Adjustable LED Corn Light
